**Bridgepoint Advisers Holdings**  
**ANNUAL REPORT AND FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2025**

## **Bridgepoint Advisers Holdings**

### **Strategic Report for the Year Ended 31 December 2025**

The Directors present their strategic report for the year ended 31 December 2025.

#### **Principal activity**

The principal activity of Bridgepoint Advisers Holdings (the "Company") is to act as a holding company for the private equity and credit segment entities that are part of Bridgepoint group of companies (the "Group" or the "Bridgepoint Group") and also invest into certain funds managed by fellow Group undertakings. There have not been any significant changes in the Company's principal activities during the year under review.

#### **Results**

The profit for the financial year is £187.4m (2024: £72.7m) and at the year end the Company has net assets of £185.1m (2024: £124.8m).

#### **Principal risks and uncertainties**

The Company's main income is generated from investments in limited partnerships and distributions from investments in subsidiary undertakings. The business is subject to risks associated with the performance of the funds managed and the tax and regulatory regimes within which its business operates.

#### **Fund underperformance**

In the event that certain of the funds managed by the Group were to perform unsatisfactorily this may adversely affect the Group's business, brand and reputation and lead to difficulties for the Group in attracting fund investors and raising investment capital for new funds in the future.

The Group's investment strategies each have in place a robust and disciplined investment process where investments are analysed and selected by investment focused committees. Each strategy will also regularly review and monitor investment performance and delivery of investment objectives. Any 'at risk' investments are subject to particular focus and specialist attention. For example, such investments are reviewed by the Portfolio Working Group within the Group's private equity strategy.

Investment processes not only evaluate and mitigate the risks inherent in particular investments or divestments, but also ensure that decisions are taken in accordance with the relevant fund's investment strategy and governing documents. This includes limiting fund exposure to individual investments, and diversifying investments in terms of sectors and geographies.

Deal flow is driven by the Group's sector strategy which is continually refined to take advantage of market conditions, including changes in competitive pressures. The Group's investment approach has evolved through different economic cycles, helping it to resist temporary pressures.

#### **Fundraising risk**

The alternative investment management sector is intensely competitive, with the Group competing with a number of others for investor capital, including sponsors of public and private investment funds. Fundraising markets remained competitive during 2025, with a high volume of managers returning to market and extended fundraising timetables across private markets. Investor allocation cycles have also lengthened, with increased diligence around performance, fee structures, and alignment.

The inability to raise additional or successor funds (or raise successor funds of a comparable size to predecessor funds), or a change in the terms on which investors are willing to invest, could have a material adverse impact on the Company's business, revenue, net income, cash flows or the ability to retain employees.

The Group's capital raising efforts are supported by an in-house global investor services team, which utilises the Group's data and technology capabilities.

As a leading middle market alternative asset manager, the Group offers investors a differentiated approach arising from its global reach and ability to deploy capital across middle market strategies. This differentiation insulates the Group, to some extent, against the competitive pressures arising in respect of attracting fund investors.

## **Bridgepoint Advisers Holdings**

### **Strategic Report for the Year Ended 31 December 2025 (continued)**

#### **Regulatory risk**

The international nature of the Group's business, with corporate and fund entities located in multiple jurisdictions and a diverse investor base, makes it subject to a wide range of laws and regulations. It is supervised by a number of regulators, including the Financial Conduct Authority in the UK. Failure to comply with applicable law and regulations may put the Group at risk of fines, lawsuits or reputational damage. The Group has a dedicated Legal and Compliance function that provides guidance to the business on its regulatory and legal obligations. The Group monitors regulatory and legislative changes in the jurisdictions in which it operates and interacts with regulators and industry bodies to stay informed of regulatory changes. It also proactively takes actions to comply with any changes in law or regulation.

Employees of the Group are provided with periodic training on the laws and regulations relevant to the Group.

#### **Market and economic risk**

Macroeconomic events may contribute to volatility in financial and global markets which can adversely impact the Group's business by reducing the value or performance of the investments made by the funds managed or advised by the Group as well as the availability of financial resources to the Group. Adverse economic scenarios may reduce exit opportunities, prolong holding periods, and impact the performance of funds across the platform. Market conditions may also influence investor appetite for private market strategies, indirectly affecting fundraising performance. For example, rising interest rates may adversely impact multiples and discount rates used for investment valuations. Higher interest rates may also reduce the Group's ability to secure favourable financing, both for the Group itself and for the funds it manages or advises.

The Group's senior management and strategy leadership regularly update the business on economic trends and outlooks to aid investment teams and corporate functions in anticipating and proactively addressing macroeconomic risks.

#### **Loss of key personnel**

The Company relies on the expertise and knowledge of investment executives of the Group. Unexpected loss of one or more key employees could adversely affect the Company's business. The Group places an emphasis on active engagement with its people to better understand their needs, and to focus on progression and professional development. The Group also has competitive incentive schemes designed to attract and retain its people and is committed to providing competitive remuneration packages.

#### **Technology risk**

Cybersecurity threats remain a significant risk for all global financial and investment institutions. Cybersecurity incidents and cyber attacks continue to be a feature of the global economy and as an increasingly global business, the Group faces various cybersecurity threats on a regular basis. Cybersecurity failures, technology failures or data security breaches could result in the confidentiality, integrity or availability of data being negatively affected, causing disruption and/or damage to the Group's business. The Group has in place an internal vulnerability management programme, as well as critical asset processes to patch critical vulnerabilities. Phishing testing is performed at least quarterly, and penetration testing is undertaken annually. The Group has a disaster recovery plan in place, and all key systems are hosted in the cloud, providing an inherent level of resilience.

#### **Financial risks**

##### ***Foreign exchange risk***

The Company is subject to foreign exchange risk arising from its income earned. Further details of the exposure are included in notes to these financial statements.

##### ***Credit and liquidity risk***

Credit risk is the risk of financial loss to the Company as a result of a counterparty failing to meet its contractual obligations. This risk is principally in connection with the Company's trade and other receivables from the shareholders, receivables from funds, and other Group entities. The Directors consider the Company's credit exposure to trade and other receivables to be low. The Company's credit exposure to the Group entities is linked to the liquidity risk of the Group.

#### **Key performance indicators**

The Company considers profit before tax as a key performance indicator of the business. Given the straightforward nature of the business, the directors are of the opinion that analysis using key performance indicators is not necessary for an understanding of the development, performance, or position of the business.

**Bridgepoint Advisers Holdings**  
**Strategic Report for the Year Ended 31 December 2025 (continued)**

**Statement by the Directors in performance of their statutory duties in accordance with s172(1) Companies Act 2006**

The Directors of the Company, as those of all UK companies, must act in accordance with a set of general duties, which are detailed in Section 172 of the UK Companies Act 2006.

A director of a company must act in the way they consider, in good faith, would be most likely to promote the success of the company for the benefit of its shareholders as a whole and, in doing so have regard (among other matters) to:

- the likely consequences of any decision in the long-term;
- the interest of the company's employees;
- the need to foster the company's relationships with suppliers, customers and others;
- the impact of the company's operations on the community and environment;
- the desirability of the company maintaining a reputation for high standards of business conduct; and
- the need to act fairly as between shareholders of the company.

The ultimate parent entity, Bridgepoint Group plc, has a Group Board (consisting of the Directors of Bridgepoint Group plc) which takes executive responsibility for the strategic direction of Bridgepoint Group plc and its controlled entities including the Company. It has executive responsibility for setting the Group's strategy and ensuring that the shared values and business objectives are upheld and met.

The Directors of the Company are involved in decisions that impact the Company as required under the Companies Act 2006. Such matters include making commitments to investments and a decision to pay a dividend.

An explanation of how the Group Board has considered the matters of Section 172 (for the Group, including the Company) is set out in the annual report and accounts of Bridgepoint Group plc. This includes details of the development, performance and position of the Group, as well as how the Group undertakes business conduct, employee and fund investor engagement, risk management and community engagement.

Approved by the Board on 28 August 2026 and signed on its behalf by:

## **Bridgepoint Advisers Holdings**

### **Directors' Report for the Year Ended 31 December 2025**

The Directors present their annual report together with the audited financial statements (the "financial statements") of the Company for the year ended 31 December 2025.

#### **Results and dividends**

The results for the financial year are shown on page 9.

In the financial year of 2025, the Directors declared and paid dividends of £127.0m (2024: £155.3m).

#### **Future developments**

The Directors do not anticipate any significant change in the business of the Company.

#### **Directors of the Company**

The Directors who held office during the year and up to the date of this report were as follows:

J R Hughes

P Koziarski

D S Plant

R C Prior (appointed 18 May 2026)

R C Thompson

E G Woods (resigned 18 May 2026)

#### **Directors' indemnity**

During the period and at the time of signing, a Bridgepoint Group entity maintains liability insurance for Directors and Officers of Bridgepoint Group plc and associated companies, which includes the Company. This is a qualifying third party indemnity provision for the purpose of the Companies Act 2006.

#### **Statement of Directors' Responsibilities**

The Directors acknowledge their responsibilities for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards), comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law.

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### **Statement of engagement with suppliers, customers and others in a business relationship with the Company**

From the perspective of the Directors of the Company, as a result of the Group governance structure, the Group Board has primary responsibility for carrying out the duties of the Company in respect of its shareholders, employees, fund investors and community engagement. An explanation of how the Group Board has carried out these responsibilities (for the Group and for the Company) is set out in the annual report and results of Bridgepoint Group plc.

#### **Post balance sheet events**

Material events after the reporting period are as disclosed in note 23.

**Bridgepoint Advisers Holdings**  
**Directors' Report for the Year Ended 31 December 2025 (continued)**

**Disclosure of information to the auditor**

Each Director at the time when the Directors' Report is approved has confirmed that:

- so far as the Director is aware, there is no relevant audit information needed by the Company's auditor in connection with preparing their report of which the Company's auditor is unaware; and
- the Director has taken all the steps that ought to have been taken as a Director in order to be aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

**Appointment of auditor**

At the Annual General Meeting of the ultimate parent company held on 12 May 2026, KPMG LLP was appointed as auditor of the Company with effect from the conclusion of the current year audit by Forvis Mazars LLP.

Approved by the Board on 28 August 2026 and signed on its behalf by:

Signed by:  

1DBC348FA2144DF...

P Koziarski

Director

**Bridgepoint Advisers Holdings**  
**Independent auditor's report to the members of Bridgepoint Advisers Holdings**

**Opinion**

We have audited the financial statements of Bridgepoint Advisers Holdings (the 'company') for the year ended 31 December 2025 which comprise the Profit and Loss account, the Statement of Comprehensive Income, the Balance Sheet, the Statement of Changes in Equity and notes to the financial statements, including material accounting policy information.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2025 and of its profit for the year then ended; and
- have been properly prepared in accordance with UK-adopted international accounting standards; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

**Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

**Other information**

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

**Bridgepoint Advisers Holdings**  
**Independent auditor's report to the members of Bridgepoint Advisers Holdings**  
**(continued)**

**Opinions on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

**Matters on which we are required to report by exception**

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

**Responsibilities of Directors**

As explained more fully in the directors' responsibilities statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

**Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

Based on our understanding of the company and its industry, we considered that non-compliance with the following laws and regulations might have a material effect on the financial statements: tax legislation and the Companies Act 2006.

**Bridgepoint Advisers Holdings**  
**Independent auditor's report to the members of Bridgepoint Advisers Holdings**  
**(continued)**

To help us identify instances of non-compliance with these laws and regulations, and in identifying and assessing the risks of material misstatement in respect to non-compliance, our procedures included, but were not limited to:

- Inquiring of management and, where appropriate, those charged with governance, as to whether the company is in compliance with laws and regulations, and discussing their policies and procedures regarding compliance with laws and regulations;
- Inspecting correspondence, if any, with relevant licensing or regulatory authorities;
- Communicating identified laws and regulations to the engagement team and remaining alert to any indications of non-compliance throughout our audit; and
- Considering the risk of acts by the company which were contrary to applicable laws and regulations, including fraud.

We also considered those laws and regulations that have a direct effect on the preparation of the financial statements, such as the Companies Act 2006.

In addition, we evaluated the directors' and management's incentives and opportunities for fraudulent manipulation of the financial statements, including the risk of management override of controls, and determined that the principal risks related to manipulating accounting records and preparing fraudulent financial statements by overriding controls that otherwise appear to be operating effectively. Due to the unpredictable way in which such override could occur, there is a risk of material misstatement due to fraud on all audits, in particular in relation to: the valuation of private equity and credit funds; the measurement of carried interest receivable; and the presumed fraud risk of revenue recognition from dividend income.

Our audit procedures in relation to fraud included but were not limited to:

- Making enquiries of the directors and management on whether they had knowledge of any actual, suspected or alleged fraud;
- Gaining an understanding of the internal controls established to mitigate risks related to fraud;
- Discussing amongst the engagement team the risks of fraud
- Addressing the risks of fraud through management override of controls by performing journal entry testing; and
- Ensuring that dividend income recognised is appropriate as per Board approval.

There are inherent limitations in the audit procedures described above and the primary responsibility for the prevention and detection of irregularities including fraud rests with management. As with any audit, there remained a risk of non-detection of irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal controls.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

**Use of the audit report**

This report is made solely to the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body for our audit work, for this report, or for the opinions we have formed.

## **Bridgepoint Advisers Holdings**

### **Notes to the Financial Statements for the Year Ended 31 December 2025**

#### **1 General information**

The Company is a private unlimited company and domiciled in the United Kingdom. The Company was incorporated in England and Wales. The address of its registered office and principal place of business is 5 Marble Arch, London, W1H 7EJ, United Kingdom.

#### **2 Statement of compliance**

The individual financial statements of the Company have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" ("FRS 102") and the Companies Act 2006.

The Financial Reporting Council (FRC) issued Amendments to FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland and other FRSs – Periodic Review 2024, with a principal effective date for accounting periods beginning on or after 1 January 2026. The amendments introduce a number of changes to the recognition, measurement, presentation and disclosure requirements of FRS 102, including revised requirements in relation to revenue recognition and lease accounting.

The Company is currently assessing the impact of these amendments on its financial statements. Based on the assessment performed to date, the Directors do not expect any material impact from the revised requirements. The Company will apply the amendments from the date they become effective.

At the date of approval of these financial statements, the full financial effect of first-time application has not yet been quantified. The Company will provide the disclosures required by FRS 102 in the period in which the amended requirements are first applied.

#### **3 Summary of significant accounting policies**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

##### **(a) Basis of preparation**

These financial statements have been prepared under the historical cost convention, as modified by certain financial assets and liabilities measured at fair value through profit or loss, when it is required by FRS 102.

##### **(b) Consolidation**

Under section 400 of the Companies Act 2006, the Company is exempt from the requirement to prepare consolidated accounts as it is itself a subsidiary undertaking and it is a wholly-owned subsidiary of Bridgepoint Group plc, a company incorporated within the United Kingdom, which prepares consolidated accounts that include the Company and its subsidiaries.

##### **(c) Going concern**

The Directors are required to assess and confirm the appropriateness of the going concern assumption as the basis of preparation. Whilst the Company has net current liabilities as a result of its activity as an investor in funds managed by Bridgepoint and as a holding company for the Group's subsidiaries, this largely consists of intercompany payables.

As the Company does not operate as a standalone entity but contributes to the performance of the Group to which it belongs, which is headed by Bridgepoint Group plc, it is appropriate to consider the going concern of the Company with reference to the Group's viability and performance.

The assessment for the Group has been performed for a period of at least 12 months from the date of the approval of Company's financial statements. This assessment considered a wide range of information including the Group's business and operating models and strategy, the risk appetite and details of the approach to managing risk and a summary of the current financial position and resources, from this assessment it is concluded that the Company remains a going concern.

##### **(d) Exemption under Financial Reporting Standards**

FRS 102 allows a qualifying entity certain disclosure exemptions, subject to certain conditions, which have been complied with, including notification of, and no objection to, the use of the exemptions by the Company's shareholders. The Company has taken advantage of the following exemptions:

## **Bridgepoint Advisers Holdings**

### **Notes to the Financial Statements for the Year Ended 31 December 2025 (continued)**

#### **3 Summary of significant accounting policies (continued)**

##### **(d) Exemption under Financial Reporting Standards (continued)**

**Cash Flow Statement** - The Company has taken advantage of the exemption, under FRS 102 paragraph 1.12 (b), from preparing a statement of cash flows, on the basis that it is a qualifying entity and its ultimate parent company, Bridgepoint Group plc, includes the Company's cash flows in their own consolidated financial statements.

**Related Party Transactions** - The Company has taken advantage of the exemption, under FRS 102 paragraph 33.1A, from the requirement to disclose related party transactions within the Bridgepoint Group on the grounds that 100% of the voting rights are controlled within the Group. Transactions with the Bridgepoint Group funds and the shareholders of the Bridgepoint Group are not exempt and are disclosed where applicable.

##### **(e) Revenue recognition**

Income is recognised in the Profit and Loss Account and the Statement of Comprehensive Income on an accruals basis.

Income from shares in Group undertakings comprises dividend income. Dividend income is recognised in the Company's Profit and Loss account on the date on which the Company's right to receive payment is established.

Income from investments in Limited Partnerships consists primarily of fair value measurements of, and distributions from the Company's investments in private equity and credit funds. Details of the valuation of such investments is explained further within note 4.

Carried interest consists of income from fund profits through the Company's holdings in Founder Partnerships as variable consideration dependent on the level of fund returns. The entitlement to carried interest and the amount is determined by the level of accumulated profits exceeding an agreed threshold (the "hurdle") over the life-time of each fund. The carried interest income is only recognised to the extent it is highly probable that there would not be a significant reversal of any accumulated revenue recognised on the completion of a fund. The reversal risk due to uncertainty of future fund performance is managed through the application of discounts. This is explained further within note 4. Amounts are typically presented as non-current assets unless they are expected to be received within the next 12 months.

Other income includes income earned from interest income loans made to Bridgepoint fund portfolio companies and income from warehoused credit investments. Interest income is accrued on the principal amount of the loans based on the effective interest rate, which is equal to the contractual interest rate.

All income is generated within the UK and EU.

##### **(f) Expenses**

Expenses incurred have been recognised on an accruals basis.

##### **(g) Interest income and expense**

Interest income and expense is recognised using the effective interest rate method.

Credit facility arrangement fees are capitalised and amortised to the Profit and Loss Account using the effective interest method over the term of the facility.

##### **(h) Taxation**

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the profit and loss account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current tax is the amount of income tax payable in respect of the taxable profit for the year or prior year. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the period end.

Deferred tax arises from timing differences that are differences between taxable profits and total comprehensive income as stated in the financial statements. These timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is recognised on all timing differences at the reporting date except for certain exceptions.

Unrelieved tax losses and other deferred tax assets are only recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

Current or deferred taxation assets and liabilities are not discounted.

## **Bridgepoint Advisers Holdings**

### **Notes to the Financial Statements for the Year Ended 31 December 2025 (continued)**

#### **3 Summary of significant accounting policies (continued)**

##### **(i) Foreign currency transactions and balances**

The Company's functional and presentation currency is the pound sterling. These financial statements are presented in pound sterling and rounded to thousands.

Foreign currency transactions are translated into the functional currency using the actual rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated to pound sterling using the closing rate at the year-end. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign currency exchange differences arising on translation of monetary assets and liabilities, and on settlement of foreign currency transactions, are recognised in the Profit and Loss Account, except where hedge accounting is applied in accordance with note 3(k).

##### **(j) Cash and cash equivalents**

Cash and cash equivalents comprise cash in hand and call deposits, held at call with banks with an original maturity of three months or less.

##### **(k) Financial instruments**

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. The Company has chosen to adopt Sections 11 and 12 of FRS 102 in respect of financial instruments.

##### ***Financial assets***

Basic financial assets, including trade and other debtors, and cash and cash equivalents, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest net of transaction costs. Such assets are subsequently carried at amortised cost using the effective interest method.

##### ***Financial liabilities***

Basic financial liabilities, including trade and other creditors, and loans from related parties, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest.

##### ***Fund investments***

Investments representing interests in private equity and credit funds are initially recognised at fair value and subsequently measured at fair value through the Profit and Loss Account. The Group's undertakings are fair valued using the net asset value of the underlying fund determined by the manager of the underlying fund. This is reassessed by the Directors considering all factors, information and data deemed to be pertinent.

Investments within each fund are measured at fair value as determined in good faith by the manager in accordance with the terms of the Limited Partnership Agreement ("LPA") of each fund and the International Private Equity and Venture Capital Valuation Guidelines ("IPEV") and are reviewed and approved by the relevant Bridgepoint Valuation Committees. The valuations provided by the managers typically reflect the fair value of the Group's proportionate share of capital account balance of each investment as at 31 December 2025 or the latest available date.

##### ***Investments in subsidiary undertakings***

Investments in subsidiary undertakings, that are not investment vehicles, are stated at cost less provision for any impairment. Provisions are only made where in the opinion of the Directors there is an impairment in value.

##### ***Other investments***

Other investments include, but are not limited to, loans made to Bridgepoint fund portfolio companies. Other investments that are held to collect contractual cash flows and which contain contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest are measured at amortised cost.

Other investments also include warehoused credit investments which are held to collect contractual cash flows and contain contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest. They are therefore measured at amortised cost.

## Bridgepoint Advisers Holdings

### Notes to the Financial Statements for the Year Ended 31 December 2025 (continued)

#### 3 Summary of significant accounting policies (continued)

##### (k) Financial instruments (continued)

###### *Derivative instruments*

The Company enters derivative instruments to manage its exposure to foreign exchange rate risk, namely foreign currency forwards. Derivative financial instruments are initially measured at fair value on the date on which the derivative contract is entered into and are subsequently measured at fair value at each reporting date.

As the derivatives are designated as fair value hedges, all fair value movements are recognised in the Profit and Loss Account. Where a derivative relates to a hedge of investments in foreign currencies, the profit or loss on the revaluation of the hedging instrument is recognised together with the investment returns in the Profit and Loss account.

Prior to their settlement, derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative. The fair value of unsettled forward currency contracts is calculated by reference to the market for forward contracts with similar maturities.

###### *Loan to subsidiaries*

Loans to subsidiaries with market interest rate are basic debt instruments and are recognised at transaction price and measured at amortised cost using the effective interest rate method.

###### *Financial guarantee contracts*

The Company has applied Section 21 of FRS102 in respect of financial guarantee contracts. A provision is recognised as a best estimate of the amount required to settle the obligation at the reporting date where a transfer of benefits is probable and can be estimated reliably. Amounts recoverable in respect of a guarantee are recognised only when recovery is virtually certain.

##### (l) Dividends

Dividends and other distributions to the Company's shareholder are recognised in the period in which the dividends and other distributions are approved by the shareholder. These amounts are recognised in the Statement of Changes in Equity.

#### 4 Judgements in applying accounting policies and key sources of estimation uncertainty

In applying the Company's accounting policies, the Directors may be required to make judgements, estimates and assumptions that could impact the amounts reported for assets and liabilities as at the reporting date and the amounts reported for revenues and expenses during the year. The Directors' judgements, estimates and assumptions are based on the best and most reliable evidence available at the time when the decisions are made, and are based on historical experience and other factors that are considered to be applicable. Due to the inherent subjectivity involved in making such judgements, estimates and assumptions, the actual results and outcomes may differ.

The judgements, estimates and assumptions are reviewed on an ongoing basis. The Directors do not consider the financial statements to have any matters requiring significant judgement. Critical estimates are discussed further below.

###### *Valuation of fund investments at fair value*

Fund investments at fair value consist of investments in private equity and credit funds. The investments are fair valued using the net asset value of each fund, determined by the Manager. These funds are invested into direct and indirect equity and debt investments.

Portfolio assets within each fund are stated at fair value as determined in good faith by the Manager in accordance with the terms of the LPA of each fund and the IPEV Guidelines and are reviewed and approved by the relevant Bridgepoint Valuation Committee. The valuations provided by the Managers typically reflect the fair value of the Group's proportionate share of capital account balance of each investment as at the reporting date or the latest available date.

The market approach is typically used for the valuation of the assets. This comprises valuation techniques such as market comparable companies and multiple techniques. A market comparable approach uses quoted market prices or third-party quotes for similar instruments to determine the fair value of a financial asset. A multiple approach can be used in the valuation of less liquid securities, which typically form the majority of assets within a private equity or credit fund.

## Bridgepoint Advisers Holdings

### Notes to the Financial Statements for the Year Ended 31 December 2025 (continued)

#### 4 Judgements in applying accounting policies and key sources of estimation uncertainty (continued)

##### *Recognition and measurement of carried interest revenue*

The Company is an investor in Carried Interest Partnerships ("CIPs") which entitles it to receipts of carried interest from funds.

Carried interest revenue is only recognised to the extent it is highly probable that there would not be a significant reversal of any accumulated revenue recognised on the completion of a fund.

In determining the amount of revenue to be recognised the Group is required to make assumptions and estimates when determining (i) whether or not revenue should be recognised and (ii) the timing and measurement of such amounts.

The Group bases its assessment on the best available information pertaining to the funds and the activity of the underlying assets within that fund. This includes the current fund valuation and internal forecasts on the expected timing and disposal of fund assets.

For private equity funds, the constraints on estimating the revenue are incorporated through the application of discounts of 15% to 50% (2024: 15% to 40%) to the unrealised fair values of investments where the cumulative value of the distributions to investors and unrealised fair value of investments of a fund exceeds the relevant carried interest hurdle (being the contractual minimum return for fund investors).

For credit funds, which are more sensitive to the performance of individual investments within the portfolio, only funds that have either reached their hurdle or are expected to do so imminently are modelled on the same basis.

The discount applied for each fund depends on the stage and maturity profile of each fund, and therefore recognises the de-risking of the income over time, taking into account diversity of assets, whether there has been a recent market correction (and whether this has been already factored into the valuation of the fund) and the expected average remaining holding period. Reasons for a higher discount may include where the fund has not yet completed its construction, has not yet returned its original capital commitments and there is the potential for the hurdle to grow further, or there is a higher level of perceived risk (fund specific or macro-economic).

Reasons for a lower discount include where a fund has returned its capital commitments and the hurdle has stopped or where the fund has already started to pay carry. The levels of discounts applied are reassessed annually.

##### *Measurement of management incentive scheme payable*

A subsidiary company, Bridgepoint Credit Holdings Limited, issued shares to certain employees of the Group as part of a management incentive scheme. The shares are subject to a put and call option, whereby the participating employees have the option to sell and the Company has the option to buy back the shares in the future. The amount payable has been recognised based upon a pre-determined formula which considers the amount of funds raised and the resulting management fees over the relevant period.

#### 5 Administrative expenses

Auditors' remuneration paid to Forvis Mazars for the audit of the Company is £45,709 (2024: £45,500).

In accordance with SI 2008/489 the Company has not disclosed the fees payable to the Company's auditor for 'Other services' as this information is included in the consolidated financial statements of Bridgepoint Group plc.

The Company has recognised an expense of £11.7m (2024: £1.1m) in relation to a management incentive scheme. Further detail on this scheme can be found in note 14.

#### 6 Employees

The Company did not employ any personnel during the year (2024: none).

#### 7 Directors' remuneration

None of the Directors received any remuneration directly from the Company during the year (2024: nil). Remuneration received by individual Directors who are employed and paid by another Group entity cannot be sensibly attributed across the entities for which each Director is a Director of.

**Bridgepoint Advisers Holdings****Notes to the Financial Statements for the Year Ended 31 December 2025 (continued)****8 Net finance and other income or expenses**

|                                                   | 2025            | 2024           |
|---------------------------------------------------|-----------------|----------------|
|                                                   | £'000           | £'000          |
| Interest income on loans to Group undertakings    | 825             | 2,323          |
| <b>Total finance and other income</b>             | <b>825</b>      | <b>2,323</b>   |
| Expenses relating to bank borrowings              | (3,833)         | (1,616)        |
| Interest expense on loans from Group undertakings | (16,842)        | (5,015)        |
| Finance expense                                   | —               | (2,563)        |
| <b>Total finance and other expenses</b>           | <b>(20,675)</b> | <b>(9,194)</b> |
| <b>Net finance and other expense</b>              | <b>(19,850)</b> | <b>(6,871)</b> |

Expenses relating to bank borrowings include non-utilisation fees, amortisation of facility fees and interest on drawn amounts. In September 2024, the revolving credit facility ("RCF") held by another Group company was novated to the Company. The increase in bank borrowing expenses reflects the full year of expenditure. As at the year end, the amounts drawn were nil (2024: nil). The RCF was renewed to a facility of £400.0m in March 2026.

In September 2024, intercompany loans were made between the Company and other Group companies. These loans are subject to interest, which is charged and settled in accordance with the agreed terms. The increase in intercompany loan interest expense reflects the full year of expenditure.

In the prior year, the Company entered into an agreement with a third-party for which the Company paid an arrangement fee. This amount was capitalised and amortised fully during the year as a finance expense. Further detail on this arrangement can be found in note 11.

| <b>As at 31 December</b> | <b>449,635</b> | <b>469,217</b> |

The investments primarily consist of loans or commitments made in relation to the Bridgepoint Europe VII, VI and V, Bridgepoint Europe Portfolio IV, Bridgepoint Development Capital IV and III private equity funds, the Bridgepoint Credit Opportunities IV and Bridgepoint Direct Lending III credit funds and Bridgepoint Generation funds.

The Company has an investment in Opal Investments LP, which is an investor in the Bridgepoint Europe V fund partnerships. Under the limited partnership agreement, a third party had the right to receive up to 100% of the profits from the partnership unless the Group exercised an option to trigger up to 85% of the profits of the partnership from the date of the exercise of the option. Effective 31 December 2020, the option was exercised therefore 85% of current year and accumulated prior year profits from the partnership have been recognised by the Company within the profit and loss account as income from investment in limited partnerships. The amount recognised in the profit and loss account for the current year is loss of £1,635,209 (2024: loss of £4,547,000).

The Company has an investment in Maple Tree VII LP, which is an investor in the Bridgepoint Europe VI and VII fund partnerships. Under the limited partnership agreement, third-party investors have the right to receive the higher of a preferred return and multiple of drawn commitments, along with a share of residual profits from the partnership.

In March 2024, the Company entered into an agreement with a third-party which gives the Group the option to require the sale of the third-party's interest to either another third-party or the Company during a five-year period. The option expires on 28 March 2029. The option was granted based on the agreement of a set level of return to the third-party. If the value of the return is below the guaranteed level of required return, the arrangement requires the Group to make up any shortfall. This would be presented as a liability and a financing expense in the Company's balance sheet. Conversely, if the value of the return is above the guaranteed level of required return, the Group would recognise an asset and a financing gain. As at 31 December 2025, based on estimates of the returns, no liability or expense is recognisable in the accounts. Whilst the Group currently estimates returns in excess of the guaranteed return, no asset or gain is recognised. A reassessment of the asset or liability will be made at each reporting date.

|                           | 2025    | 2024    |
|---------------------------|---------|---------|
|                           | £'000   | £'000   |
| Undrawn committed capital | 290,718 | 325,919 |

The Company's undrawn capital commitments to the fund investments are shown in the table above. Capital commitments are called over time, typically between one to five years following the entry into commitment. Capital commitments are not a financial liability, and the Company does not have an obligation to pay cash until the capital is called.

| Accruals and deferred income                | 2,407          | 909            |
| Loan due to Group undertaking               | 254,899        | 286,341        |
|                                             | <u>475,747</u> | <u>570,091</u> |

Amounts owed to Group undertakings represent short term payables that are unsecured, interest free, have no fixed date of repayments and are payable on demand. The decrease in the year is due to an exercise undertaken to offset and clear down intercompany balances among Group entities.

The loan due to Group undertakings represent a loan made between the Company and another Group company. The loan is subject to interest, which is charged and settled in accordance with the agreed terms.

In April 2021, a subsidiary company, Bridgepoint Credit Holdings Limited, issued shares to certain employees of the Group as part of a management incentive scheme. The shares are subject to a put and call option, whereby the participating employees have the option to sell and the Company has the option to buy back the shares in the future based upon a pre-determined formula which considers the amount of funds raised and the resulting management fees over a five year-period. As at 31 December 2025, an expense of £11.7m has been recognised (2024: £1.1m). As the five-year period of the shares issued in April 2021 ends in March 2026, the associated liability has been classified as a current other financial liabilities at the reporting date.

|                                            | 2025       | 2024          |
|--------------------------------------------|------------|---------------|
|                                            | £'000      | £'000         |

## Bridgepoint Advisers Holdings

### Notes to the Financial Statements for the Year Ended 31 December 2025 (continued)

#### 16 Financial instruments

##### Financial derivative instruments

The Company has entered into forward foreign exchange contracts and swap agreements to mitigate its exposure to fluctuations in exchange rates. These include contracts to sell EUR and purchase GBP, and to purchase USD and sell GBP, at specified future dates in order to hedge forecast foreign currency cash flows.

At 31 December 2025, the notional principal amount of EUR GBP contracts outstanding was £167.4m (2024: £230.1m), maturing through 2026-2027 (2024: 2025-2027). These contracts are designated to hedge the fair value remeasurement of investments denominated in EUR.

In addition, to hedge the currency exposure to USD denominated loans, the Company entered trades to buy USD and sell GBP at various dates in the future. At 31 December 2025, the Company had £331.7m (2024: £195.5m) of GBP USD trades maturing in 2026 (2024: 2025) to match certain expected cash flows.

The net aggregate mark-to-market value of these hedges at 31 December 2025 was a liability of £27.5m (2024: asset £7.7m).

##### Fair value hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal, or in its absence, the most advantageous market to which the Company has access to at that date. The fair value of a liability reflects its non-performance risk.

The Group discloses fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included within level 1 that are observable for assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: Inputs for assets or liabilities that are not based on observable market data (i.e. unobservable inputs).

The following table summarises the valuation of the Company's financial assets and liabilities by fair value hierarchy:

| At 31 December 2025              | Level 1 | Level 2 | Level 3 | Total   |
|----------------------------------|---------|---------|---------|---------|
| <b>Financial Assets</b>          |         |         |         |         |
| Derivative financial assets      |         | 1,364   |         | 1,364   |
| Fair value of fund investments   |         |         | 449,635 | 449,635 |
|                                  | —       | 1,364   | 449,635 | 450,999 |
| <b>Financial Liabilities</b>     |         |         |         |         |
| Derivative financial liabilities |         | 28,913  |         | 28,913  |
| <b>At 31 December 2024</b>       | Level 1 | Level 2 | Level 3 | Total   |
| <b>Financial Assets</b>          |         |         |         |         |
| Derivative financial assets      | —       | 9,160   | —       | 9,160   |
| Fair value of fund investments   | —       | —       | 469,217 | 469,217 |
|                                  | —       | 9,160   | 469,217 | 478,377 |
| <b>Financial Liabilities</b>     |         |         |         |         |
| Derivative financial liabilities | —       | 1,442   | —       | 1,442   |

Further disclosure around key estimation uncertainty and valuation techniques surrounding the fair value measurements of financial instruments are available in note 20 - Fair value measurement within the publicly available financial statements for Bridgepoint Group plc.

## Bridgepoint Advisers Holdings

### Notes to the Financial Statements for the Year Ended 31 December 2025 (continued)

#### 17 Deferred tax liabilities

|                          | 2025          | 2024          |
|--------------------------|---------------|---------------|
|                          | £'000         | £'000         |
| Deferred tax liabilities | <u>41,154</u> | <u>30,198</u> |

Deferred tax liabilities arise due to fair value gains on investments and carried interest.

#### 18 Financial risk management

##### Market risk

Foreign exchange risk is the risk of losses or other adverse effects resulting from a change in a foreign exchange rate, or from other unfavourable changes in relation to a foreign currency. The Company is exposed to two types of foreign exchange risk:

- **Transaction risk:** the adverse effect that foreign exchange rate fluctuations can have on a completed transaction prior to settlement. It is the exchange rate, or currency, risk associated specifically with the time delay between entering into a trade or contract and then settling it. As the majority of the Company's income is denominated in euro, and the Company has a loan payable to another Group undertaking denominated in US dollars, this means that its income when recognised in pounds sterling, and interest payments when made in US dollars are subject to exposure to foreign exchange rate movements over time.
- **Translation risk:** the risk of adverse changes in the rates at which assets, liabilities, income or costs in foreign currencies are translated into the reporting currency. The Company holds financial assets and liabilities denominated in currencies other than pound sterling, the functional and presentational currency of the Company. Consequently, the Company is exposed to currency risk since the value financial assets and liabilities denominated in other currencies will fluctuate due to change in exchange rate.

The Company's primary exposure to assets and liabilities in foreign currencies is to investments in funds and carried interest receivable, which are predominantly held in euro, and a US dollar denominated intercompany loan payable. In order to remove the risk of volatility in the Company's earnings on the translation of assets and liabilities at each year end, the Company entered into a series of forward trades and swap agreements.

Agreements were entered into to sell euro and buy pound sterling at various dates in the future that match the expected date of receipts from the underlying funds, and to buy US dollars and sell pound sterling at various dates in the future that match the payment of interest and principal on the US dollar loan from a Group company.

These hedges are in place to match expected future cash flows, and the Company has decided to use hedge accounting as allowed and determined under IFRS 9 "Financial Instruments". The hedge ratio is tracked by comparing the nominal value of outstanding trades to the Group's total exposure to fund investments and loans denominated in a foreign currency.

##### Price and valuation risk

Price and valuation risk is the uncertainty about the difference between the reported value and the price that could be obtained on exit or maturity of an asset or liability. This principally relates to investments in funds, which hold portfolios of private equity and debt investments.

This uncertainty arises due to the use of unobservable inputs in the calculation of fair value, the performance and financial health of portfolio companies and, ultimately - in relation to investments in private equity - what a third party may be willing to pay for the relevant business. There is less uncertainty for investments in debt as the upside is capped to the maximum of the principal and interest receipts, whereas private equity investments have greater potential for larger changes in their valuation as the upside is not capped.

The Group monitors the performance of each investment closely. Portfolio monitoring is embedded and maintains focus throughout the investment life of each company. All investments are formally reviewed through dedicated Portfolio Monitoring Committees. The review process involves a rigorous assessment of the company's financial performance, financial health (including covenant coverage) and exit prospects. The Group values all investments in line with the IPEV Guidelines at least twice a year, and in most cases quarterly. Each investment undergoes the same detailed valuation process, in accordance with the Group's valuation policies.

Completed valuations are presented and discussed at the relevant Bridgepoint Valuation Committee for approval.

## Bridgepoint Advisers Holdings

### Notes to the Financial Statements for the Year Ended 31 December 2025 (continued)

#### 18 Financial risk management (continued)

##### Interest rate risk

The Company's income and operating cash flows are substantially independent of changes in market interest rates. Intercompany loans are at a fixed rate of interest. The amounts drawn under the Company's RCF, however, bear interest at a floating rate which could rise and increase the Company's interest cost and debt, if drawn.

The RCF was undrawn during the year and so the Company had no significant exposure to interest rate risk in the year.

##### Credit risk

Credit risk is the risk that a counterparty will be unable to meet their obligations in full, when due. Potential areas of credit risk consist of cash and cash equivalents, including deposits with banks and financial institutions, short-term receivables and investments, including bonds issued by a subsidiary company. The maximum exposure to credit risk at the reporting date of these financial assets is their carrying amount. The Company limits its exposure in relation to cash balances by only dealing with well-established financial institutions of high quality credit standing.

The Company's carried interest receivable represents income expected from relevant CIPs. The Company considers there to be a remote risk of default on these receivables on the basis that these amounts are collateralised against unfunded investor commitments which can be drawn at any time.

The Company's other investments directly expose it to credit risk via loans to fund portfolio companies and warehoused credit investments. This risk is managed through the Group's credit assessment and ongoing monitoring processes. The Group assesses the creditworthiness of the relevant counterparty and the risks associated with the investment. Credit exposures are monitored on an ongoing basis, including through regular review of the financial performance and position of portfolio companies. The maximum exposure to loss associated with these investments is limited to the carrying value at 31 December 2025 which was £24.5m (2024: nil).

##### Liquidity risk

Liquidity risk is the risk that cash may not be available to pay obligations when due. Liquidity is managed at a Group level. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. Further details on how the Group manages liquidity risk can be found in the Bridgepoint Group plc annual report and accounts.

#### 19 Related party transactions

The Company has provided guarantees to a bank in respect of certain investment loans to Bridgepoint employees used to subscribe for shares in a Bridgepoint managed fund. The purpose of this guarantee is to provide protection to the bank in the event that the maximum loan-to-value thresholds are breached and the employee defaults on the debt. Pursuant to a letter between each relevant employee and the Company, the employee is required to comply with specified loan-to-value thresholds and, where the guarantee is called or losses arise, the Company is entitled to recover amounts through compulsory redemption of the employee's shares and/or deductions from amounts otherwise payable to the employee. A Director of the Company has participated in this arrangement. No provision or contingent asset was recognised at 31 December 2025 due to the remote probability of a credit loss event.

#### 21 Dividends

A dividend was paid in the year of £127.0m (2024: £155.3m) to another Group affiliate.

#### 22 Parent and ultimate parent undertaking

The Company's immediate parent is Bridgepoint Advisers Group Limited, incorporated in England and Wales, United Kingdom. The address of Bridgepoint Advisers Group Limited's registered office is 5 Marble Arch, London, W1H 7EJ, United Kingdom.

The parent of the largest group in which these financial statements are consolidated is Bridgepoint Group plc, incorporated in England and Wales, United Kingdom. The parent of the smallest group in which these financial statements are consolidated is Bridgepoint OP LP, incorporated in England and Wales, United Kingdom. The address of the registered office of Bridgepoint Group plc and Bridgepoint OP LP is 5 Marble Arch, London, W1H 7EJ.

The financial statements of Bridgepoint Group plc are available from Companies House, Crown Way, Cardiff, CF14 3UZ.

#### 23 Events after the end of the reporting period

There have been no other material events after the reporting period that require disclosure in these financial statements, except as set out below:

- Dividends of £46.2m were declared and paid in May 2026; and
- The management incentive scheme issued in April 2021 as described in note 14 matured in March 2026, with a final settlement amount of £26.5m (€30.5m).
