Bridgepoint Advisers Limited
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025

Bridgepoint Advisers Limited

Strategic Report for the Year Ended 31 December 2025

The Directors present their strategic report for the year ended 31 December 2025.

Principal activity

The principal activity of Bridgepoint Advisers Limited (the "Company") is to act as a fund manager. The Company is regulated by the Financial Conduct Authority ("FCA") to conduct business under the requirements of the Financial Services and Markets Act 2000. There have not been any significant changes in the Company's principal activities during the year under review.

The Company forms part of the Bridgepoint group of companies (together, the "Group" or the "Bridgepoint Group").

Results

The profit for the financial year is £11.8m (2024: £23.2m) and at the year end the Company has net assets of £62.6m (2024: £103.6m).

Principal risks and uncertainties

The business is subject to risks associated with the performance of the funds managed, the tax and regulatory regimes within which the Company's business operates and attracting and retaining the services of key investment professionals and operational risks.

Fundraising risk

The alternative investment management sector is intensely competitive, with the Group competing with a number of others for investor capital, including sponsors of public and private investment funds. Fundraising markets remained competitive during 2025, with a high volume of managers returning to market and extended fundraising timetables across private markets. Investor allocation cycles have also lengthened, with increased diligence around performance, fee structures, and alignment.

The inability to raise additional or successor funds (or raise successor funds of a comparable size to predecessor funds), or a change in the terms on which investors are willing to invest, could have a material adverse impact on the Company's business, revenue, net income, cash flows or the ability to retain employees.

The Group's capital raising efforts are supported by an in-house global investor services team, which utilises the Group's data and technology capabilities.

As a leading middle market alternative asset manager, the Group offers investors a differentiated approach arising from its global reach and ability to deploy capital across middle market strategies. This differentiation insulates the Group, to some extent, against the competitive pressures arising in respect of attracting fund investors.

Regulatory risk

The international nature of the Group's business, with corporate and fund entities located in multiple jurisdictions and a diverse investor base, makes it subject to a wide range of laws and regulations. It is supervised by a number of regulators, including the Financial Conduct Authority in the UK. Failure to comply with applicable law and regulations may put the Group at risk of fines, lawsuits or reputational damage. The Group has a dedicated Legal and Compliance function that provides guidance to the business on its regulatory and legal obligations. The Group monitors regulatory and legislative changes in the jurisdictions in which it operates and interacts with regulators and industry bodies to stay informed of regulatory changes. It also proactively takes actions to comply with any changes in law or regulation.

Employees of the Group are provided with periodic training on the laws and regulations relevant to the Group.

Market and economic risk

Macroeconomic events may contribute to volatility in financial and global markets which can adversely impact the Group's business by reducing the value or performance of the investments made by the funds managed or advised by the Group as well as the availability of financial resources to the Group. Adverse economic scenarios may reduce exit opportunities, prolong holding periods, and impact the performance of funds across the platform. Market conditions may also influence investor appetite for private market strategies, indirectly affecting fundraising performance. For example, rising interest rates may adversely impact multiples and discount rates used for investment valuations. Higher interest rates may also reduce the Group's ability to secure favourable financing, both for the Group itself and for the funds it manages or advises.

The Group's senior management and strategy leadership regularly update the business on economic trends and outlooks to aid investment teams and corporate functions in anticipating and proactively addressing macroeconomic risks.

Bridgepoint Advisers Limited

Strategic Report for the Year Ended 31 December 2025

Loss of key personnel

The Company relies on the expertise and knowledge of investment executives of the Group. Unexpected loss of one or more key employees could adversely affect the Company's business. The Group places an emphasis on active engagement with its people to better understand their needs, and to focus on progression and professional development. The Group also has competitive incentive schemes designed to attract and retain its people and is committed to providing competitive remuneration packages.

Technology risk

Cybersecurity threats remain a significant risk for all global financial and investment institutions. Cybersecurity incidents and cyber attacks continue to be a feature of the global economy and as an increasingly global business, the Group faces various cybersecurity threats on a regular basis. Cybersecurity failures, technology failures or data security breaches could result in the confidentiality, integrity or availability of data being negatively affected, causing disruption and/or damage to the Group's business. The Group has in place an internal vulnerability management programme, as well as critical asset processes to patch critical vulnerabilities. Phishing testing is performed at least quarterly, and penetration testing is undertaken annually. The Group has a disaster recovery plan in place, and all key systems are hosted in the cloud, providing an inherent level of resilience.

Financial risks

Foreign exchange risk

The Company is subject to foreign exchange risk arising from its income earned. Further details of the exposure is included in notes to these financial statements.

Credit and liquidity risk

Credit risk is the risk of financial loss to the Company as a result of a counterparty failing to meet its contractual obligations. This risk is principally in connection with the Company's trade and other receivables from the shareholders, receivables from funds, and other Group entities. The Directors consider the Company's credit exposure to trade and other receivables to be low. The Company's credit exposure to the Group entities is linked to the liquidity risk of the Group.

Key performance indicators

The Directors consider the Company's performance in the context of the broader performance of the Group, and the life cycle of the funds to which it acts as a manager. As such an analysis of its performance by reference to key performance indicators is not straightforward.

To the extent that the Company has key performance indicators these are Assets under management ("AUM"), management fee income and profit before tax. The current and prior year performance is shown in the table below. All three metrics are trending in line with expectations considering the performance and life cycle of the funds that the Company manages.

	2025	2024
Assets under management ("AUM") (£m)	21,255	24,589
Profit before tax ("PBT") (£'000s)	15,444	32,354
Management fee income (£'000s) (note 5)	154,436	184,636

Bridgepoint Advisers Limited
Strategic Report for the Year Ended 31 December 2025

Statement by the Directors in performance of their statutory duties in accordance with s172(1) Companies Act 2006

The Directors of the Company, as those of all UK companies, must act in accordance with a set of general duties, which are detailed in Section 172 of the UK Companies Act 2006.

A director of a company must act in the way they consider, in good faith, would be most likely to promote the success of the company for the benefit of its shareholders as a whole and, in doing so have regard (among other matters) to:

- the likely consequences of any decision in the long-term;
- the interest of the company's employees;
- the need to foster the company's relationships with suppliers, customers and others;
- the impact of the company's operations on the community and environment;
- the desirability of the company maintaining a reputation for high standards of business conduct; and
- the need to act fairly as between shareholders of the company.

The parent entity, Bridgepoint Group plc, has a Group Board (consisting of the Directors of Bridgepoint Group plc) which takes executive responsibility for the strategic direction of Bridgepoint Group plc and its controlled entities including the Company. It has executive responsibility for setting the Group's strategy and ensuring that the shared values and business objectives are upheld and met.

The Directors of the Company are involved in decisions that impact the Company as required under the Companies Act 2006. Such matters include making a decision to pay a dividend.

An explanation of how the Group Board has considered the matters of Section 172 (for the Group, including the Company) is set out in the annual report and accounts of Bridgepoint Group plc. This includes details of the development, performance and position of the Group, as well as how the Group undertakes business conduct, employee and fund investor engagement, risk management and community engagement.

Approved by the Board and signed on its behalf on 27 April 2026 by:

R C Prior
Director

Bridgepoint Advisers Limited

Directors' Report for the Year Ended 31 December 2025

The Directors present their annual report together with the audited financial statements (the "Financial Statements") of the Company for the year ended 31 December 2025.

Results and dividends

The results for the financial year are shown on page 9.

In the financial year of 2025 the Directors declared and paid dividends of £48.0m (2024: £60.0m).

Future developments

The Directors do not anticipate any significant change in the business of the Company.

Directors of the Company

The Directors who held office during the year and up to the date of this report were as follows:

C J Busby
J R Hughes
W N Jackson (resigned 28 May 2025)
R C Prior
X J Robert
E G Woods (appointed 1 August 2025)
R C Thompson
D Wagener
G P Weldon (resigned 31 March 2026)

Directors' indemnity

During the period and at the time of signing, a Bridgepoint Group entity maintains liability insurance for Directors and Officers of the Bridgepoint Group plc and associated companies, which includes the Company. This is a qualifying third party indemnity provision for the purpose of the Companies Act 2006.

Statement of Directors' Responsibilities

The Directors acknowledge their responsibilities for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards), comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law.

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of engagement with suppliers, customers and others in a business relationship with the Company

From the perspective of the Directors of the Company, as a result of the Group governance structure, the Group Board has primary responsibility for carrying out the duties of the Company in respect of its shareholders, employees, fund investors and community engagement. An explanation of how the Group Board has carried out these responsibilities (for the Group and for the Company) is set out in the annual report and results of Bridgepoint Group plc.

Bridgepoint Advisers Limited
Directors' Report for the Year Ended 31 December 2025

Post balance sheet events

There have been no material events after the reporting period that would require adjusting or disclosing within these accounts.

Disclosure of information to the auditor

Each Director at the time when the Directors' Report is approved has confirmed that:

- so far as the Director is aware, there is no relevant audit information needed by the Company's auditor in connection with preparing their report of which the Company's auditor is unaware; and
- the Director has taken all the steps that ought to have been taken as a Director in order to be aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Approved by the Board and signed on its behalf on 27 April 2026 by:

R C Prior

Director

Bridgepoint Advisers Limited

Independent auditor's report to the members of Bridgepoint Advisers Limited

Opinion

We have audited the financial statements of Bridgepoint Advisers Limited (the 'company') for the year ended 31 December 2025 which comprise the Profit and Loss Account, the Statement of Comprehensive Income, the Balance Sheet, the Statement of Changes in Equity and notes to the financial statements, including a summary of significant accounting policies.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2025 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Bridgepoint Advisers Limited

Independent auditor's report to the members of Bridgepoint Advisers Limited

Matters on which we are required to report by exception

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of Directors

As explained more fully in the statement of directors' responsibilities set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

Based on our understanding of the company and its industry, we considered that non-compliance with the following laws and regulations might have a material effect on the financial statements: tax legislation, the UK Bribery Act, the Financial Conduct Authority regulations, and anti-money laundering regulation.

To help us identify instances of non-compliance with these laws and regulations, and in identifying and assessing the risks of material misstatement in respect to non-compliance, our procedures included, but were not limited to:

- Inquiring of management and, where appropriate, those charged with governance, as to whether the company is in compliance with laws and regulations, and discussing their policies and procedures regarding compliance with laws and regulations;
- Inspecting correspondence, if any, with relevant licensing or regulatory authorities;
- Communicating identified laws and regulations to the engagement team and remaining alert to any indications of non-compliance throughout our audit; and
- Considering the risk of acts by the company which were contrary to applicable laws and regulations, including fraud.

Bridgepoint Advisers Limited

Independent auditor's report to the members of Bridgepoint Advisers Limited

We also considered those laws and regulations that have a direct effect on the preparation of the financial statements, such as the Companies Act 2006.

In addition, we evaluated the directors' and management's incentives and opportunities for fraudulent manipulation of the financial statements, including the risk of management override of controls, and determined that the principal risks related to manipulating accounting records and preparing fraudulent financial statements by overriding controls that otherwise appear to be operating effectively, and the inappropriate recognition of turnover due to the manual nature of the calculation process, with a focus on fees from funds in the fundraising stage.

Our audit procedures in relation to fraud included but were not limited to:

- Making enquiries of the directors and management on whether they had knowledge of any actual, suspected or alleged fraud;
- Gaining an understanding of the internal controls established to mitigate risks related to fraud;
- Discussing amongst the engagement team the risks of fraud; and
- Addressing the risks of fraud through management override of controls by performing journal entry testing.

There are inherent limitations in the audit procedures described above and the primary responsibility for the prevention and detection of irregularities including fraud rests with management. As with any audit, there remained a risk of non-detection of irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal controls.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of the audit report

This report is made solely to the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body for our audit work, for this report, or for the opinions we have formed.

Bridgepoint Advisers Limited

Notes to the Financial Statements for the Year Ended 31 December 2025

1 General information

The Company is a private company limited by shares and domiciled in the United Kingdom. The Company was incorporated in England and Wales. The address of its registered office and principal place of business is 5 Marble Arch, London, W1H 7EJ, United Kingdom.

2 Statement of compliance

The individual financial statements of the Company have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" ("FRS 102") and the Companies Act 2006.

The Financial Reporting Council (FRC) issued Amendments to FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland and other FRSs – Periodic Review 2024, with a principal effective date for accounting periods beginning on or after 1 January 2026. The amendments introduce a number of changes to the recognition, measurement, presentation and disclosure requirements of FRS 102, including revised requirements in relation to revenue recognition and lease accounting.

The Company is currently assessing the impact of these amendments on its financial statements. Based on the assessment performed to date, the Directors expect that the most significant effects may arise from the revised requirements for lease accounting and revenue recognition. The company will apply the amendments from the date they become effective.

At the date of approval of these financial statements, the full financial effect of first-time application has not yet been quantified. The company will provide the disclosures required by FRS 102 in the period in which the amended requirements are first applied.

3 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

These financial statements have been prepared under the historical cost convention, as modified by certain financial assets and liabilities measured at fair value through profit or loss, when it is required by FRS 102.

(b) Going concern

The Company is a regulated entity. As such, the Company is required to maintain sufficient capital under the regulations of the Financial Conduct Authority, which it continues to do. The financial statements have been prepared on a going concern basis as the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for a period of at least 12 months from the date of signing the annual report and financial statements having assessed the business risks, financial position and resources of the Company. It is the intention to continue to run the business as such, there are short term and medium term financial plans that indicate the Company will continue to operate as a going concern and a reasonable expectation that those plans can be implemented.

(c) Exemption under Financial Reporting Standards

FRS 102 allows a qualifying entity certain disclosure exemptions, subject to certain conditions, which have been complied with, including notification of, and no objection to, the use of the exemptions by the Company's shareholders. The Company has taken advantage of the following exemptions.

Cash Flow Statement - The Company has taken advantage of the exemption, under FRS 102 paragraph 1.12 (b), from preparing a statement of cash flows, on the basis that it is a qualifying entity and its ultimate parent company, Bridgepoint Group plc, includes the Company's cash flows in their own consolidated financial statements.

Related Party Transactions - The Company has taken advantage of the exemption, under FRS 102 paragraph 33.1A, from the requirement to disclose related party transactions within the Bridgepoint Group on the grounds that 100% of the voting rights are controlled within the Group. Transactions with the Bridgepoint Group funds and the shareholders of the Bridgepoint Group are not exempt and are disclosed where applicable.

Key Management Personnel Compensation - The Company has taken advantage of the exemption, under FRS 102 paragraph 33.7A, from disclosing key management personnel compensation.

Share-Based Payment - The Company has taken advantage of the exemption, under FRS 102 paragraph 1.12 (d), from disclosing share-based payment arrangements as they are presented in its ultimate parent's, Bridgepoint Group plc, consolidated financial statements and the relevant disclosures are included therein.

Bridgepoint Advisers Limited

Notes to the Financial Statements for the Year Ended 31 December 2025

3 Summary of significant accounting policies (continued)

(d) Revenue recognition

Income is recognised in the Profit and Loss Account and the Statement of Comprehensive Income on an accruals basis.

Turnover comprises mainly management fees earned from the management of various private equity funds. Management fees are recognised over the life of each fund based on an agreed percentage of either committed or invested capital, depending on the fund and its life stage. Fees are billed in accordance with the Limited Partnership Agreement ("LPA").

Management fees accrued for the management of the funds which at the balance sheet date have not been billed have been recognised as revenue and are included in debtors as accrued income.

Turnover also comprises fees and commissions relating to provision of services to the Group affiliates and third parties.

All revenues are generated within the UK and Luxembourg.

(e) Other income

Other income consists of lease income from operating leases where the Company acts as an intermediate lessor by entering into a subletting agreement. Such contracts represent subleases of office premises.

(f) Management fees expense

Management fees expense are amounts paid to fellow Group entities for advisory services received. These are recognised on an accruals basis.

(g) Expenses

Expenses incurred have been recognised on an accruals basis.

(h) Deferred acquisition costs

Professional costs, particularly legal and other adviser costs, are incurred when raising a new fund. The limited partnership agreement of each fund dictates the aggregate expense that can be recharged to the fund investors on the close of a new fund. Costs in excess of the cap and any fees paid to placement agents are capitalised as a current or non-current asset.

The benefit of the incurred costs for private equity funds is primarily considered to be attributable to the period when the primary fund investment activity is carried out. Therefore, the useful life of the asset is aligned to the investment period of the fund which is between three and five years for private equity funds.

(i) Taxation

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the profit and loss account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current tax is the amount of income tax payable in respect of the taxable profit for the year or prior year. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the period end.

Deferred tax arises from timing differences that are differences between taxable profits and total comprehensive income as stated in the financial statements. These timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is recognised on all timing differences at the reporting date except for certain exceptions.

Unrelieved tax losses and other deferred tax assets are only recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

Current or deferred taxation assets and liabilities are not discounted.

(j) Foreign currency transactions and balances

The Company's functional and presentation currency is the pound sterling. These financial statements are presented in pound sterling and rounded to thousands.

Bridgepoint Advisers Limited

Notes to the Financial Statements for the Year Ended 31 December 2025

3 Summary of significant accounting policies (continued)

(j) Foreign currency transactions and balances (continued)

Foreign currency transactions are translated into the functional currency using the actual rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated to pound sterling using the closing rate at the year-end. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign currency exchange differences arising on translation of monetary assets and liabilities, and on settlement of foreign currency transactions, are recognised in the Profit and Loss Account, except where hedge accounting is applied in accordance with note 3(o).

(k) Tangible fixed assets and depreciation

Tangible fixed assets are stated at historic cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Repairs and maintenance are charged to profit and loss during the period in which they are incurred. Depreciation is charged as to allocate the cost of the asset less their residual value over their estimated useful lives, using the straight-line method:

<i>Asset Class</i>	<i>Useful economic life</i>
Computers, furniture and other	3 to 5 years
Leasehold improvements	Over the lease term

(l) Cash and cash equivalents

Cash and cash equivalents comprise cash in hand and call deposits, held at call with banks with an original maturity of three months or less.

(m) Operating lease rentals

Operating leases are those leases where the Company has use of an asset but where significantly all risks and rewards of ownership remain with the lessor and the lease term is not expected to be a significant portion of the useful life of the asset.

Rentals under operating leases are charged to the Profit and Loss Account on a straight-line basis over the lease term. Any incentives to enter into an operating lease are credited to the Profit and Loss Account as a reduction of the rental expense on a straight line basis over the lease term.

(n) Reserves

The Company's reserves are as follows:

- Called up share capital reserve represents the nominal value of the shares issued
- Retained earnings represents cumulative profits or losses, net of dividends paid and other adjustments
- Cash flow hedge reserve represents the cumulative portion of gains and losses on hedging instruments deemed effective
- Share-based payment reserve relates to the accumulated expense from the recognition of equity-settled share-based payments to employees that have not yet vested

(o) Derivative financial instruments and hedging

The Company enters derivative instruments to manage its exposure to foreign exchange rate risk, namely foreign currency forwards and swaps. Derivative financial instruments are initially measured at fair value on the date on which the derivative contract is entered into and are subsequently measured at fair value at each year end.

The resulting gain or loss is recognised in profit or loss in the respective period, unless the derivative is designated in an effective hedging relationship, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

Derivatives are carried as assets when the fair value is positive and as a liability when the fair value is negative. The fair value of the forward currency contracts is calculated by reference to the market for forward contracts with similar maturities.

Where the Company has designated the derivatives as cash flow hedges, the effective portion of the gain or loss on the hedging instrument is recognised in other comprehensive income in the cash flow hedge reserve while any ineffective portion is recognised immediately in the Profit and Loss Account as a gain or loss on cash flow hedges within operating expenses.

Bridgepoint Advisers Limited

Notes to the Financial Statements for the Year Ended 31 December 2025

3 Summary of significant accounting policies (continued)

(o) Derivative financial instruments and hedging (continued)

Amounts previously recognised in other comprehensive income and accumulated in equity are transferred to profit or loss in the period when the hedged transaction affects profit or loss, such as when the hedged cash flow matures.

(p) Financial instruments

Financial assets

Basic financial assets, including trade and other debtors, and cash and cash equivalents, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest net of transaction costs. Such assets are subsequently carried at amortised cost using the effective interest method.

Financial liabilities

Basic financial liabilities, including trade and other creditors, and loans from related parties, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest.

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. The Company has chosen to adopt Sections 11 and 12 of FRS 102 in respect of financial instruments.

(q) Pensions

Amounts payable in respect of employer's contributions to the Company's defined contribution pension scheme are recognised in administrative expenses on an accruals basis. The assets of the scheme are held separately from those of the Company in an independently administered fund.

(r) Dividends

Dividends and other distributions to the Company's shareholder are recognised in the period in which the dividends and other distributions are approved by the shareholder. These amounts are recognised in the Statement of Changes in Equity.

4 Judgements in applying accounting policies and key sources of estimation uncertainty

In applying the Company's accounting policies, the Directors may be required to make judgements, estimates and assumptions that could impact the amounts reported for assets and liabilities as at the reporting date and the amounts reported for revenues and expenses during the year. The Directors' judgements, estimates and assumptions are based on the best and most reliable evidence available at the time when the decisions are made, and are based on historical experience and other factors that are considered to be applicable. Due to the inherent subjectivity involved in making such judgements, estimates and assumptions, the actual results and outcomes may differ.

The judgements, estimates and assumptions are reviewed on an on-going basis. The Directors do not consider the financial statements to have any critical estimates or matters requiring significant judgement.

5 Turnover

	2025	2024
	£'000	£'000
Management and other fee income	154,436	184,636
Other income	422	446
	<u>154,858</u>	<u>185,082</u>

Bridgepoint Advisers Limited

Notes to the Financial Statements for the Year Ended 31 December 2025

6 Profit before tax and interest

This is stated after charging:

	2025	2024
	£'000	£'000
Foreign exchange losses	2,529	1,233
Depreciation expense	4,533	4,800
Operating lease expense - property	<u>6,832</u>	<u>7,575</u>

Auditors remuneration paid to Forvis Mazars for the audit of the Company is £49,235 (2024: £49,500). The Company paid auditors' remuneration of £75,196 (2024: £68,800) on behalf of other Bridgepoint Group entities.

In accordance with SI 2008/489 the Company has not disclosed the fees payable to the Company's auditor for 'Other services' as this information is included in the consolidated financial statements of Bridgepoint Group plc.

7 Employees

The monthly average number of persons employed by the Company (including Directors) during the year, was as follows:

	2025	2024
	No.	No.
Average employed people	<u>143</u>	<u>130</u>

The aggregate payroll costs (including Directors' remuneration) were as follows:

	2025	2024
	£'000	£'000
Wages and bonuses	31,230	27,344
Social security costs	4,545	3,609
Pension costs	1,185	976
Other employee costs	3,103	1,676
Share-based payment expenses	<u>1,961</u>	<u>1,674</u>
	<u>42,024</u>	<u>35,279</u>

8 Directors' remuneration

The Directors' remuneration for the year was as follows:

	2025	2024
	£'000	£'000
Aggregate emoluments	6,934	5,184
Pension contributions	20	11

The remuneration shown above reflects remuneration paid directly by the Company. It does not include any attribution of remuneration paid to any Director who is employed and paid by another Group entity as remuneration received by individual Directors cannot be sensibly attributed across the entities for which each Director is a Director of.

The emoluments of the highest paid Director were £2,782,000 (2024: £2,712,000) and employer contributions to defined contribution pensions schemes were nil (2024: nil).

There were no compensation payments outside the normal remuneration process paid to Directors of the Company (2024: nil).

9 Taxation

(a) Tax expense included in the Profit and Loss Account

	2025	2024
	£'000	£'000
Current taxation:		
UK corporation tax	5,298	9,703
UK corporation tax adjustment to prior periods	(540)	(121)
Total current tax	<u>4,758</u>	<u>9,582</u>
Deferred taxation:		
Arising from origination and reversal of timing differences	(1,099)	(623)
Deferred tax adjustment to prior periods	26	165
Total deferred tax	<u>(1,073)</u>	<u>(458)</u>
Tax charge on profit	<u><u>3,685</u></u>	<u><u>9,124</u></u>

(b) Reconciliation of tax charge

The tax on profit before tax for the year is lower than the standard rate of corporation tax in the UK of 25.0% (2024: higher than the standard rate of corporation tax in the UK of 25.0%).

The differences are reconciled below:

	2025	2024
	£'000	£'000
Profit before tax	<u>15,444</u>	<u>32,354</u>
Tax on profit before taxation		
at the standard rate of corporation tax in the UK of 25.0% (2024: 25.0%)	3,861	8,089
Effect of expenses not deductible in determining taxable profit	338	991
Adjustment in respect of prior periods	(514)	44
	<u>(176)</u>	<u>1,035</u>
Total tax charges for the year	<u><u>3,685</u></u>	<u><u>9,124</u></u>

Bridgepoint Advisers Limited

Notes to the Financial Statements for the Year Ended 31 December 2025

10 Tangible assets

	Leasehold improvements £'000	Computers, furniture and other £'000	Total £'000

At 1 January 2025	(7,400)	(5,424)	(12,824)
Charge for the year	(3,078)	(1,455)	(4,533)
Disposals	—	2,010	2,010
At 31 December 2025	(10,478)	(4,869)	(15,347)
Net book value at			
At 31 December 2024	19,362	2,482	21,844
At 31 December 2025	18,104	2,200	20,304

11 Debtors

	2025 £'000	2024 £'000
Amounts due in more than one year:		
Other non-current debtors	183	1,776

Other non-current debtors include the deferred cost of acquisition and consist of expenditure in excess of the cap within the LPA and fees paid to placement agents. Such costs are capitalised as prepayments and amortised to align with the investment period of the fund, which is between three and five years.

	2025 £'000	2024 £'000
Amounts due within one year:		
Trade receivables*	6,931	6,702
Amounts owed by Group undertakings	83,461	193,970
Other debtors*	42,266	39,278
Prepayments and accrued income	6,008	4,784
	138,666	244,734

*Presentation of prior year has changed to align with current year. There has been no change to the total presented.

Amounts owed by Group undertakings represent short term receivables due from the shareholders and other Group entities. These amounts are unsecured, interest free, have no fixed date of repayments and are payable on demand. The decrease in the year is due to an exercise undertaken to offset and clear down intercompany balances among Group entities.

Other debtors includes amounts to be invoiced to funds and portfolio companies managed by the Company in relation to expenses incurred on their behalf, and amounts invoiced to portfolio companies for services provided by the Company. Such costs include deal and fundraising expenditure and professional fees. Amounts invoiced for services include monitoring fees. At the end of the year, within other debtors, amounts receivable from these parties was £16.9m (2024: £19.8m).

Bridgepoint Advisers Limited

Notes to the Financial Statements for the Year Ended 31 December 2025

11 Debtors (continued)

Further details on related party transactions with funds is given in note 17. The balance also includes £8.1m of expenses receivable from Carried Interest Partnerships and £3.4m VAT receivable. Other debtors also include the current deferred cost of acquisition £2.2m (2024: £2.7m).

12 Finance derivative instrument

The Company has entered into a series of forward trades and swap agreements to sell EUR and buy GBP at various dates in the future to reduce the currency exposure of EUR denominated income to future spot rate volatility. At 31 December 2025, the Company had £438.5m (2024: £313.3m) of forward trades maturing through 2026-2028 (2024: 2025-2027) to match certain expected future cash flows.

The net aggregate mark-to-market value of these hedges at 31 December 2025 was a liability of £0.2m (2024: asset £8.6m).

These hedges are in place to match known future cash flows, and the Company has decided to use cash flow hedge accounting as allowed and determined under FRS 102.

The change in value that has been recognised through Profit and Loss (ineffective portion) is nil (2024: nil) and the amount recognised in the cash flow hedge reserve during the year (effective portion) is a loss of £13.2m (2024: gain of £8.3m). The value of the forward trades is recognised through the Profit and Loss Account at the point of maturity of each trade which will match the recognition of certain of the underlying cash flows of the business which the hedges relate to. During 2025 hedges with a gain value of £4.4m at the prior year end were released to the Profit and Loss (2024: gain of £0.3m). There was no hedge ineffectiveness.

Fair value hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal, or in its absence, the most advantageous market to which the Company has access to at that date. The fair value of a liability reflects its non-performance risk.

The Group discloses fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included within level 1 that are observable for assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: Inputs for assets or liabilities that are not based on observable market data (i.e. unobservable inputs).

The following table summarises the valuation of the Company's financial assets and liabilities by fair value hierarchy:

	2025	2024
	£'000	£'000
Financial Assets		
Level 1	—	—
Level 2	2,211	11,051
Level 3	—	—
	<u>2,211</u>	<u>11,051</u>
	<u>2,211</u>	<u>11,051</u>
Financial Liabilities		
Level 1	—	—
Level 2	(2,444)	(2,456)
Level 3	—	—
	<u>(2,444)</u>	<u>(2,456)</u>
	<u>(2,444)</u>	<u>(2,456)</u>

Bridgepoint Advisers Limited
