DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2013

The directors present their report and the audited accounts for the year ended 31 March 2013

Principal activities and review of the business

The principal activity of the company continued to be the provision of consulting and related services to clients in the asset and wealth management industries

The company has made strong progress during the year. Turnover increased 25% from £9,343,643 to £11,692,843 and operating profit increased 9% from £1,724,200 to £1,874,109. Debtors have grown considerably during the year from £2,939,935 to £4,990,341 reflecting an increase in the working capital requirement due to revenue growth and a particularly strong final quarter. There are no concerns over the recoverability of debtors.

Results and dividends

The results for the year are set out on page 5

An interim ordinary dividend was paid amounting to £665,000 (2012 £400,000). The directors do not recommend payment of a final dividend (2012 £Nil).

After deducting taxation and dividends, the amount of £1,475,878 (2012 £926,854 as restated) has been transferred to reserves.

Future developments

The business plan developed by the directors shows substantial growth is expected in the company in the forthcoming year. The directors are confident of achieving their plan based on the level of on-going work at the start of the financial year, the level of work already sold but still to be delivered and the strong pipeline of future opportunities. These indicators are at historically high levels for the company.

Key performance indicators

The directors monitor performance on both a weekly and a monthly basis using a range of financial and non-financial indicators. Working capital management is the primary indicator which is reviewed on a weekly basis to monitor cashflow, liquidity and the recovery of trade debtors.

Each month the directors review the management accounts for each group undertaking and compare actual performance against budget. Costs are also reviewed to monitor profitability.

Principal risks

The performance of the company is subject to only limited risk in the short and medium term as the future pipeline of work is very strong. The company continues to generate substantial cash after retaining a proportion of profits to fund increased working capital requirements resulting from growth. Management continues to operate conservative cash management policies.

Directors

The following directors have held office since 1 April 2012

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2013

Statement of directors' responsibilities

The directors are responsible for preparing the Directors' Report and the accounts in accordance with applicable law and regulations

Company law requires the directors to prepare accounts for each financial year. Under that law the directors have elected to prepare the accounts in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the accounts unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these accounts, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the accounts comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure to auditors

So far as the directors are aware, there is no relevant audit information of which the company's auditors are unaware. Additionally, the directors have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditors are aware of that information.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF ALPHA FINANCIAL MARKETS CONSULTING LIMITED

We have audited the accounts of Alpha Financial Markets Consulting Limited for the year ended 31 March 2013 set out on pages 5 to 19. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the Directors' Responsibilities Statement set out on pages 1 - 2, the directors are responsible for the preparation of the accounts and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the accounts in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the accounts sufficient to give reasonable assurance that the accounts are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the accounts. In addition, we read all the financial and non-financial information in the Directors' Report to identify material inconsistencies with the audited accounts. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on accounts

In our opinion the accounts

- give a true and fair view of the state of the company's affairs as at 31 March 2013 and of its profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the accounts are prepared is consistent with the accounts.

ALPHA FINANCIAL MARKETS CONSULTING LIMITED

INDEPENDENT AUDITORS' REPORT (CONTINUED)

TO THE MEMBERS OF ALPHA FINANCIAL MARKETS CONSULTING LIMITED

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the accounts are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

ALPHA FINANCIAL MARKETS CONSULTING LIMITED

NOTES TO THE ACCOUNTS

FOR THE YEAR ENDED 31 MARCH 2013

1 Accounting policies

1.1 Accounting convention

The accounts are prepared under the historical cost convention

1.2 Compliance with accounting standards

The accounts are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated)

1.3 Turnover

Turnover represents amounts receivable for services net of VAT

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows

Leasehold Land and buildings	over the lease term
Computer equipment	3 years straight line
Fixtures, fittings and equipment	4 years straight line

1.5 Investments

Fixed asset investments are stated at cost less provision for diminution in value

1.6 Pensions

The company operates a defined contribution scheme for the benefit of its employees. Contributions payable are charged to the profit and loss account in the year they are payable.

1.7 Deferred taxation

Deferred taxation is provided in respect of material taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.

1.8 Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.

1.9 Share-based payments

The company has issued share options to certain directors and employees. These must be measured at fair value and recognised as an expense in the profit and loss account with a corresponding increase in equity. The fair value of the options is estimated at the date of grant using the Black-Scholes Option Pricing Model. The fair value is charged as an expense in the profit and loss account over the vesting period and adjusted each year to reflect the expected and actual level of vesting.

NOTES TO THE ACCOUNTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2013

16 Share-based payment transactions

The company operates a general employee share-option scheme for the benefit of certain directors and employees. The scheme has been in operation since November 2007.

Options granted under the scheme typically have a life of 10 years and vest within three years from the grant date, the vesting period varies depending upon the purpose of and the conditions attached to the individual options awarded. The vesting conditions associated with the share options granted are generally either performance or service related. All awards under the scheme are equity-settled.

The following share options were outstanding under the scheme

	2013 Number of options	Weighted average exercise price (pence)	2012 Number of options	Weighted average exercise price (pence)
At the beginning of the year	61,888	592	15,838	452

Options exercisable at the end of the year	107,368	506	61,888	592

During the year, 5,500 share options were exercised in respect of Ordinary 'ANV' shares of 10p each. The estimated weighted average share price at the date of exercise was £18.77.

Weighted average remaining contractual life of outstanding options

	2013	2012
Outstanding options (number)	107,368	61,888
Weighted average exercise price (pence)	506	592
Weighted average remaining contracted life (years)	1.92	2.80
Range of exercise prices for share options outstanding at the end of the year (pence)	10p - 1,981p	10p - 1,981p

In accordance with FRS 20 'Share-Based Payment', the fair value of each of the share options has been calculated by applying the Black-Scholes Option Pricing Model to the estimated share price on the grant date of the option.

The model inputs were the relevant share price at grant date, the exercise price as stated in the option agreement, expected volatility of 25%, no expected dividends, an option life based on the best estimate of the expected vesting period and a risk-free interest rate of 3%.

To allow for the effects of early exercise, the option life is based on an estimate of the option's expected life rather than its contractual life.

Volatility has been determined based on historical volatility in the estimated share price.

19 Prior period adjustment

In relation to the accounting and disclosure for share based payments, exemptions were available to and adopted by the company in prior years under the Financial Reporting Standard for Smaller Entities (FRSSE). For the current and immediately preceding years, the company breached small company thresholds and is no longer able to take advantage of these exemptions.

Consequently, adjustments have been made to the results of the prior period affecting the balance sheet and profit and loss account as follows:

- Deferred tax credit was understated by £23,050
- Share option costs were understated by £96,040

The balance sheet and profit and loss account of the prior period have been restated in this period to reflect the required adjustments.
