STRATEGIC REPORT FOR THE YEAR ENDED 31 MARCH 2025

Introduction

The Directors present their Strategic Report for the year ended 31 March 2025

Business review

For the year ended 31 March 2025, the Company recorded turnover of £1,146,000 (2024 £3,932,000) Gross profit margin increased to 52% (2024 35%) and profit after tax reduced to £395,000 (2024 £437,000) The Company ceased trading in July 2024 Its activities are now carried out by another company within the group ultimately owned by Actium Topco (UK) Limited.

During the year, no interim dividend was paid (2024 £NIL) The Directors do not recommend the payment of a final dividend (2024 £NIL)

Key performance indicators

While the Company was trading, the Directors monitored performance on a monthly basis using a range of key performance indicators. Each month the Directors reviewed the management accounts for each trading group undertaking and compared actual performance against budget Utilisation, rates and costs were also reviewed to monitor profitability

Working capital management is a key indicator which was reviewed on a frequent basis to monitor cash flow, liquidity and the recovery of trade receivables

Principal risks and uncertainties

The principal risks and uncertainties faced by the Company are outlined below

- **Competitors** – Risk that a competitor or new entrant may be able to achieve success and win work from the Company's existing clients Less mature or more specialist propositions, which the Company chooses to develop, may present less of a competitive advantage
- **Macro** – Risk that wider market, economic, commercial and financial risks can impact the Company's ability to service clients, their demand for consultancy and technology services and, therefore, the Company's own performance and financial position
- **Quality of service** – Failure to maintain quality of service on client delivery engagements
- **People** – Risk of failure to attract, incentivise and retain the best people with the right capabilities across all propositions; levels and geographics. A failure to undertake effective succession planning for key roles could also adversely increase this risk and impact performance
- **Business strategy** – Risk that the Company responds inadequately to changing market factors, including technological advancements, and strategic growth opportunities, including acquisitions. The success of the Group depends on continuing to develop a proposition that best serves its clients.
- **Security** – Risk of cyber-attacks, security breaches and data mishandling, leading to consequent risks to client data, loss of integrity or availability of core data

STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2025

Section 172 statement

Under Section 172(1) of the Companies Act 2006, a director of a company must act in the way that they consider, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole, and in doing so have regard (amongst other matters) to

- the likely consequence of any decision in the long term,
- the interests of the Company's employees,
- the need to foster the Company's business relationships with suppliers, customers and others,
- the impact of the Company's operations on the community and the environment,
- the desirability of the Company maintaining a reputation for high standards of business conduct, and
- the need to act fairly as between members of the Company

The following disclosure describes how the Directors have had regard to the matters set out in Section 172(1)(a) to (f) and forms the Directors' statement under Section 414CZA of the Companies Act 2006.

Engagement with key stakeholders

The Directors consider the Company's key stakeholders to be its employees, clients and the communities in which the Company operates. The Directors also recognise other stakeholder groups including suppliers, industry bodies and competitors. Engaging effectively with all these stakeholder groups strengthens the Company's business relationships and decision making and, therefore, supports its long-term success.

Employees – the Company recognises that attracting, retaining and developing talent is critical to its success. It is committed to providing a rewarding workplace with a strong, inclusive and meritocratic culture. Engagement with employees takes place through feedback frameworks, mentoring, training opportunities, competitive remuneration, promotion opportunities and internal networks.

Clients – the Company's success depends on helping clients address their challenges and capitalise on opportunities. It focuses on building long-term relationships supported by senior-level engagement, regular satisfaction monitoring, ongoing dialogue and roundtable discussions, and the sharing of market and industry insights.

Communities – supporting community development reflects the Company's values and growth objectives. The Company seeks to create a positive social and environmental impact through responsible business practices and engagement with local organisations.

DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2025

The Directors present their report and the financial statements for the year ended 31 March 2025.

Principal activity

The Company is a subsidiary undertaking within the group headed by Actium Topco (UK) Limited. The principal activity of the Company was the provision of specialist consultancy services, including Simcorp-related implementation and advisory support, to the asset management industry. The Company ceased trading in July 2024. Its activities are now carried out by another company within the group ultimately owned by Actium Topco (UK) Limited.

Results and dividends

The profit for the year, after taxation, amounted to £395,000 (2024: £437,000).

The results for the year are set out in the Strategic Report. The Directors consider the current state of affairs of the Company to be satisfactory.

During the year, no ordinary dividend was paid (2024: £NIL).

The Directors have not recommended the payment of a final dividend (2024: £NIL).

Directors

The Directors who served during the year were:

GA Cook
N Fienberg
S McNulty (resigned 27 March 2025)
JC Paton (resigned 30 June 2025)

Political contributions

The Company made no political donations and incurred no political expenditure during the year (2024: £NIL).

Environmental matters

In accordance with the Companies Act 2006, the Company has taken the exemption from including disclosures in relation to environmental matters (including those required under the Streamlined Energy and Carbon Reporting Regulations). These disclosures are included in the Strategic Report of the consolidated accounts for the period ended 31 March 2025 of Actium Topco (UK) Limited, the Company's ultimate parent company. That report is publicly available from Companies House.

Future developments

The Company does not expect to undertake any further trading activities, following the cessation of operations.

**DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2025**

Engagement with employees

Details of how the Company engages with employees are set out in the Section 172 statement in the Strategic Report

The Company is committed to ensuring equality of opportunity for all employees and applicants. Full and fair consideration is given to all applications of employment from disabled persons. Appropriate arrangements are made for all disabled person, including those who have become disabled during their employment. The Company is committed to the training and development of disabled persons and ensuring they have the access to the same opportunities as other employees.

Engagement with suppliers, customers and others

The Directors recognise the importance of fostering strong relationships with suppliers, customers and others in a business relationship with the Company. The Directors have regard to these relationships in strategic decision making. During the year, this included maintaining regular open communication and engagement with key stakeholders to ensure continuity of supply and to support customer needs.

**DIRECTORS' RESPONSIBILITIES STATEMENT
FOR THE YEAR ENDED 31 MARCH 2025**

The Directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

1. General information

Axxsys Limited (the "Company") is a company limited by shares, domiciled and registered in the UK. The registered number is 04967647 and the registered address is 60 Gresham Street, London, EC2V 7BB, United Kingdom.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

The following principal accounting policies have been applied:

AXXSYS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.2 Going concern

In assessing the Company's ability to continue on a going concern basis for a period of at least 12 months from the approval of these financial statements (the "going concern period"), the Directors considered the group's intentions with respect to the continuation of trade within the entity for that period

During the financial year, the trading activity of the Company ceased, with the operations transferred to other group entities. This transition reflects the evolution and consolidation of the group's market-facing propositions, is a commercial decision taken regarding the group's strategy and is not the result of any concerns regarding the financial performance of the entity. The Directors do not have certainty over the ongoing status of the entity through the entirety of the going concern period

As a result, and in accordance with paragraph 25 of IAS 1, the Directors conclude that it is not appropriate to adopt the going concern basis for these financial statements, which are instead prepared on a basis that is consistent with IFRS (taking advantage of exemptions available under FRS 101), adjusted to ensure that the assets are stated at the lower of book value and fair value less costs to sell. The Directors have assessed the impact on the financial statements as follows

- *Amounts owed by/to group undertakings* Following the cessation of trading in the Company, there has been no transfer of existing intercompany balances except for on an arms-length basis, and therefore these balances are deemed to be recoverable at face value at the balance sheet date
- *Debtors* It is expected that the remaining financial assets of the Company will remain recoverable in the same manner as they have been historically. Therefore, there are deemed to be no required changes to the fair value or expected credit loss attached to these balances over and above those that would apply to these balances on a going concern basis
- *Creditors* The Company's outstanding creditor balance relates to corporation tax, which is deemed to have a fair value that is equivalent to that which would apply on a going concern basis

Further details on the Company's accounting policies and the basis of preparation of these financial statements can be found below

2.3 Change in balance sheet presentation

In the current year, the Company has adopted the Companies Act 2006 "Format 1" balance sheet presentation, in place of the IAS 1 format applied in the prior year. The comparative balance sheet has been re-presented on the same basis for consistency and comparability. This change is presentational only and has no impact on the Company's financial position, performance, or cash flows

2.4 Change in statement of comprehensive income presentation

In the current year, the Company has amended the presentation of its statement of comprehensive income. Rechargeable expenses, previously shown as a deduction from turnover to arrive at a "net fee income" subtotal, are now included within cost of sales. As a result, the "net fee income" subtotal has been removed. The comparative information has been re-presented on a consistent basis. This change is presentational only and does not affect reported turnover or profit

This information is included in the consolidated financial statements of Actium Topco (UK) Limited as at 31 March 2025 and these financial statements may be obtained from Companies House.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2025**

2. Accounting policies (continued)

2.6 Exemption from preparing consolidated financial statements

The Company is a parent company that is also a subsidiary included in the consolidated financial statements of a larger group by a parent undertaking established under the law of any part of the United Kingdom and is therefore exempt from the requirement to prepare consolidated financial statements under section 400 of the Companies Act 2006

2.7 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of Comprehensive Income within 'finance income or costs'. All other foreign exchange gains and losses are presented in profit or loss within 'other operating income'

2. Accounting policies (continued)

2.8 Turnover

Recognition of turnover and client billing

Turnover consists of the value of work executed for clients during the year and expenses recharged, exclusive of VAT. Turnover is classified into net fee income and recharged expenses. Net fee income represents the Company's personnel, subcontractor and related expertise and services sold to clients. Recharged expenses are the recharge of costs incidental to fulfilling contracts including flights, subsistence and accommodation on which nil or negligible margin is earned by the Company.

The Company delivers services that have no alternative use to the Company (advice to clients, reports, etc.) as the services are specifically tailored to clients' projects and scope of work. The significant majority of the Company's turnover is contracted on a time and materials basis, where the performance obligation is to provide consultancy resources at agreed day rates. For such contracts, turnover is recognised over time, as consultant days worked are delivered. Modifications or extensions to such projects are recognised as services are delivered. Significant extensions, where the scope or price of the contract increases, are treated as separate contracts. Contracts accounted for on a time and materials basis are billed incrementally, typically monthly, for incurred time and materials.

Turnover recognition for fixed-fee projects is based on the satisfaction of performance obligations in line with contractual project milestones, depending on the nature of the performance obligations for the project. Material scope changes are managed via a new agreement with the client. Fixed-fee projects are typically billed in accordance with the nature of the performance obligations when a right to payment crystallises.

For most fixed-fee milestone projects, turnover is recognised at a point in time upon delivery of each performance obligation and these projects are typically billed as contractual milestones are delivered and the right to payment exists. Contractual milestones are only treated as separate performance obligations by the Company when they are distinct from the other elements in the contract and could provide a benefit to the customer without further work being completed. In limited circumstances, turnover from fixed fee milestone projects is recognised over time where the Company has an enforceable right to payment for performance completed to date, before the contractual milestone has been fully delivered.

Turnover is wholly attributable to the principal activities of the Company. For all turnover types, payment is typically due between 30 and 60 days after the invoice date or receipt of invoice, depending on the client and geography.

Recognition of contract receivables

Activity performance recognised as turnover in excess of invoices raised results in the recognition of a contract receivable, which is included within accrued income, up to the value of the relevant project delivery milestone, where applicable. On invoicing, the contract receivable is reclassified to trade receivables.

Recognition of contract liabilities

Where amounts have been invoiced in excess of work performed and turnover recognised, the excess is a contract liability and is included within deferred income, valued in line with the nature of the project and related performance obligations as described above and recognised in future periods.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.9 Interest income

Interest income is recognised in profit or loss using the effective interest method

2.10 Finance costs

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.11 Borrowing costs

All borrowing costs are recognised in profit or loss in the year in which they are incurred.

2.12 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Balance Sheet. The assets of the plan are held separately from the Company in independently administered funds.

2.13 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits, and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

AXXSYS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2 Accounting policies (continued)

2.14 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Computer equipment	- 3 years
--------------------	-----------

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.15 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

2.16 Debtors

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.17 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.18 Creditors

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers.

Creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

2.19 Impact of new international reporting standards, amendments and interpretations

There are no new accounting standards or interpretations that have become effective in the current financial year that have had a material effect on the Company's financial statements. Similarly, no new standards or interpretations have had a material effect on the comparative period presented.
