Progress in the Liquidations

Asset realisations

The receipts and payments accounts attached at Appendix C details the asset realisations in the liquidations.

As detailed in the statement of assets and liabilities in the Declarations of Solvency, the sole assets of the Companies were intercompany debtors totalling £1 each. As noted below, the intercompany debtors were distributed in specie to the Companies' respective members on 15 October 2024.

No other assets have been identified or realised during the course of the liquidations.

HMRC

Following the commencement of the liquidations, HMRC were notified of the proceedings.

With regards to corporation tax ('CT'), the Liquidators liaised with the Companies' incumbent tax advisers bringing the Companies' tax affairs up to date in respect of the final pre-liquidation periods. All liabilities due to HMRC in respect of CT relate to the pre-liquidation periods and were settled prior to the Liquidators' appointments.

The Companies were not employing entities and were not registered for PAYE.

The Companies were historically registered for VAT and, following the Liquidators' appointment, the Companies were removed from the VAT Group. As detailed below, a claim was received from HMRC in respect of VAT and the liability has now been settled in full.

Following settlement of the VAT liability, the Liquidators have received confirmation from HMRC that they have no further claims in the liquidations.

Creditors

There were no known creditors in the liquidations.

Following the appointment of the Liquidators, statutory advertisements were placed in the London Gazette and Times newspaper inviting creditors to submit claims. A notice of intended dividend was sent with a last date of proving of 1 July 2024.

A claim was received from HMRC in relation to the group registration for VAT. The claim was admitted in the liquidations and, as there are no funds held, the liability was settled by an associated group company.

Return on capital

As detailed above, at the date of the Liquidators' appointments, the sole asset of each Company consisted of a £1 intercompany debtor.

On 15 October 2024, the Companies receivables were distributed in specie to the member, Alpha Financial Markets Consulting Plc.

Other matters

In addition to the above matters, we have dealt with all statutory matters required by legislation and administrative work incidental to our duties as Liquidators.

Joint Liquidators' remuneration

The Joint Liquidators' remuneration was approved on a time cost basis by the Companies' member.

A breakdown of the time costs incurred together with details of the work undertaken have been attached in Appendix D. As the Companies do not have any cash assets, the costs of liquidations, including expenses, are being met by a group company.

In summary, total time costs incurred, to 30 October 2024, per Company is as follows:

Alpha FMC Midco Limited

Time costs total £4,584 and have been incurred over 12 hours at an average rate of £384 per hour.
