WHITE MARBLE CONSULTING LIMITED

DIRECTORS' REPORT FOR THE PERIOD ENDED 31 MARCH 2025

The Directors present their report and the financial statements for the 10-month period ended ended 31 March 2025

Principal activity

The Company is a subsidiary undertaking within the group headed by Actium Topco (UK) Limited. The principal activities of the Company continued to be the provision of marketing and related services to clients in the asset management and wealth management industries.

Results and dividends

The loss for the period, after taxation, amounted to £22,000 (2024 profit £64,000)

For the period ended 31 March 2025, the Company recorded turnover of £1,941,000 (2024 £2,647,000). Gross profit reduced to £422,000 (2024 £790,000), reflecting a shorter accounting period. Trade receivables increased to £380,000 compared to £220,000 in 2024. Cash and cash equivalents increased to £122,000 (2024 £30,000), while net current assets decreased to £236,000 (2024 £388,000). There are no concerns about the recoverability of receivables. During the year, no dividend was paid (2024 £NIL).

In the period, the parent company, White Marble Group Limited, was purchased by Alpha Financial Markets Consulting Group Limited. The Company's new ultimate controlling party by virtue of its holding in the parent company is Actium Topco (UK) Limited.

The Directors consider the current state of affairs of the Company to be satisfactory.

During the year, no ordinary dividend was paid (2024 £NIL).

The Directors have not recommended the payment of a final dividend (2024 £NIL).

Directors

The Directors who served during the period were

GA Cook (appointed 2 September 2024)

GRJ Field

B Elston (resigned 2 September 2024)

JC Paton (appointed 2 September 2024, resigned 30 June 2025)

NJ Pilkington (resigned 2 September 2024)

AJH Scott (resigned 2 September 2024)

Political contributions

The Company made no political donations and incurred no political expenditure during the year (2024 £NIL).

Future developments

Following the purchase of the parent company, the Directors are pleased with the performance of the Company. The Directors believe the Company is well-positioned, with a specialist, experienced, and market-leading team available to deliver value to our clients.

WHITE MARBLE CONSULTING LIMITED

DIRECTORS' REPORT (CONTINUED) FOR THE PERIOD ENDED 31 MARCH 2025

Engagement with employees

The Company recognises that attracting, retaining and developing talent is critical to its success. It is committed to providing a rewarding workplace with a strong, inclusive and meritocratic culture. Engagement with employees takes place through feedback frameworks, mentoring, training opportunities, competitive remuneration, promotion opportunities and internal networks

The Company is committed to ensuring equality of opportunity for all employees and applicants. Full and fair consideration is given to all applications of employment from disabled persons. Appropriate arrangements are made for all disabled person, including those who have become disabled during their employment. The Company is committed to the training and development of disabled persons and ensuring they have the access to the same opportunities as other employees.

Engagement with suppliers, customers and others

The Directors recognise the importance of fostering strong relationships with suppliers, customers and others in a business relationship with the Company. The Directors have regard to these relationships in strategic decision making. During the year, this included maintaining regular open communication and engagement with key stakeholders to ensure continuity of supply and to support customer needs.

This report was approved by the board and signed on its behalf

Director

Date 22 December 2025

WHITE MARBLE CONSULTING LIMITED

**DIRECTORS' RESPONSIBILITIES STATEMENT
FOR THE PERIOD ENDED 31 MARCH 2025**

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

WHITE MARBLE CONSULTING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

1. General information

White Marble Consulting Limited (the "Company") is a company limited by shares, domiciled and registered in the UK. The registered number is 09027730 and the registered address is 60 Gresham Street, London, EC2V 7BB, United Kingdom.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

The following principal accounting policies have been applied:

2.2 Going concern

In assessing the Company's ability to continue on a going concern basis for a period of at least 12 months from the approval of these financial statements (the "going concern period"), the Directors considered the Company's projected cash flows, access to intercompany funding from other group entities, cash liquidity and access to the group's existing borrowing facilities. No material uncertainties regarding the Company's ability to continue as a going concern were noted, as it continues to trade profitably and holds a net current assets position. The Company also has access to further funding, were this to be required, from the group's revolving credit facility.

After careful consideration, the Directors have a reasonable expectation that the Company's existing resources are adequate to meet its requirements over the going concern period. On this basis, the Directors have adopted the going concern basis in preparing the financial statements.

2.3 Reporting period

The financial statements have been prepared for the 10 months ended 31 March 2025, as compared to the prior year which covered a 12 month period ended 31 May 2024.

The change in the length of the reporting period is to align the reporting period with other members of the group.

As a result, the amounts presented in the financial statements are not entirely comparable to those of the prior period.

2.4 Adoption of Financial Reporting Standard 101

These financial statements are the first prepared in accordance with FRS 101 "Reduced Disclosure Framework". The company previously prepared its financial statements in accordance with FRS 102. The transition to FRS 101 has not resulted in any material measurement or recognition differences, and therefore the comparative information has not been restated.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2025**

2 Accounting policies (continued)

2.5 Financial Reporting Standard 101 - reduced disclosure exemptions

The Company has taken advantage of the following disclosure exemptions under FRS 101

- the requirements of paragraphs 45(b) and 46-52 of IFRS 2 Share-based payment
- the requirements of paragraphs 62, B64(d), B64(e), B64(g), B64(h), B64(j) to B64(m), B64(n)(ii), B64(o)(ii), B64(p), B64(q)(ii), B66 and B67 of IFRS 3 Business Combinations
- the requirements of paragraph 33(c) of IFRS 5 Non Current Assets Held For Sale and Discontinued Operations
- the requirement of paragraph 24(b) of IFRS 6 Exploration for and Evaluation of Mineral Resources to disclose the operating and investing cash flows arising from the exploration for and evaluation of mineral resources
- the requirements of IFRS 7 Financial Instruments Disclosures
- the requirements of paragraphs 91-99 of IFRS 13 Fair Value Measurement
- the requirements of the second sentence of paragraph 110 and paragraphs 113(a), 114, 115, 118, 119(a) to (c), 120 to 127 and 129 of IFRS 15 Revenue from Contracts with Customers
- the requirements of paragraph 52, the second sentence of paragraph 89, and paragraphs 90, 91 and 93 of IFRS 16 Leases. The requirements of paragraph 58 of IFRS 16, provided that the disclosure of details in indebtedness relating to amounts payable after 5 years required by company law is presented separately for lease liabilities and other liabilities, and in total
- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of
 - paragraph 79(a)(iv) of IAS 1,
 - paragraph 73(e) of IAS 16 Property, Plant and Equipment,
 - paragraph 118(e) of IAS 38 Intangible Assets,
 - paragraphs 76 and 79(d) of IAS 40 Investment Property, and
 - paragraph 50 of IAS 41 Agriculture
- the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134-136 of IAS 1 Presentation of Financial Statements
- the requirements of IAS 7 Statement of Cash Flows
- the requirements of paragraph 74A(b) of IAS 16
- the requirements of paragraph 17 and 18A of IAS 24 Related Party Disclosures
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member
- the requirements of paragraphs 130(f)(ii), 130(f)(iii), 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets
- the requirements of paragraph 88C and 88D of IAS 12 Income Taxes

This information is included in the consolidated financial statements of Actium Topco (UK) Limited as at 31 March 2025 and these financial statements may be obtained from Companies House

WHITE MARBLE CONSULTING LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2025**

2. Accounting policies (continued)

2.6 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of Comprehensive Income within 'finance income or costs'. All other foreign exchange gains and losses are presented in profit or loss within 'other operating income'.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.7 Turnover

Recognition of turnover and client billing

Turnover consists of the value of work executed for clients during the year and expenses recharged, exclusive of VAT. Turnover is classified into net fee income and recharged expenses. Net fee income represents the Company's personnel, subcontractor and related expertise and services sold to clients. Recharged expenses are the recharge of costs incidental to fulfilling contracts including flights, subsistence and accommodation on which nil or negligible margin is earned by the Company.

The Company delivers services that have no alternative use to the Company (advice to clients, reports, etc.) as the services are specifically tailored to clients' projects and scope of work. The significant majority of the Company's turnover is contracted on a time and materials basis, where the performance obligation is to provide consultancy resources at agreed day rates. For such contracts, turnover is recognised over time, as consultant days worked are delivered. Modifications or extensions to such projects are recognised as services are delivered. Significant extensions, where the scope or price of the contract increases, are treated as separate contracts. Contracts accounted for on a time and materials basis are billed incrementally, typically monthly, for incurred time and materials.

Turnover recognition for fixed-fee projects is based on the satisfaction of performance obligations in line with contractual project milestones, depending on the nature of the performance obligations for the project. Material scope changes are managed via a new agreement with the client. Fixed-fee projects are typically billed in accordance with the nature of the performance obligations when a right to payment crystallises.

For most fixed-fee milestone projects, turnover is recognised at a point in time upon delivery of each performance obligation and these projects are typically billed as contractual milestones are delivered and the right to payment exists. Contractual milestones are only treated as separate performance obligations by the Company when they are distinct from the other elements in the contract and could provide a benefit to the customer without further work being completed. In limited circumstances, turnover from fixed fee milestone projects is recognised over time where the Company has an enforceable right to payment for performance completed to date, before the contractual milestone has been fully delivered.

Turnover is wholly attributable to the principal activities of the Company. For all turnover types, payment is typically due between 30 and 60 days after the invoice date or receipt of invoice, depending on the client and geography.

Recognition of contract receivables

Activity performance recognised as turnover in excess of invoices raised results in the recognition of a contract receivable, which is included within accrued income, up to the value of the relevant project delivery milestone, where applicable. On invoicing, the contract receivable is reclassified to trade receivables.

Recognition of contract liabilities

Where amounts have been invoiced in excess of work performed and turnover recognised, the excess is a contract liability and is included within deferred income, valued in line with the nature of the project and related performance obligations as described above and recognised in future periods.

WHITE MARBLE CONSULTING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.8 Leases

Each of the Company's leases is assessed individually and may include options to extend or break early. Contracts can include both lease and non-lease components, but only the lease components are accounted for under IFRS 16.

Upon commencement of a lease, the Company recognises a lease liability at the present value of future lease payments, discounted using the interest rate implicit in the lease or, if not available, the Company's incremental borrowing rate. The incremental borrowing rate reflects the cost the Company would incur to borrow funds for a similar asset. Lease liabilities include payments beyond the non-cancellable period where it is reasonably certain the Company will exercise an extension option or not exercise an early break clause. Lease payments are split between finance expenses and a reduction in the lease liability, with finance costs recognised in the consolidated statement of comprehensive income over the lease term.

Right-of-use assets are initially measured as equal to the lease liability, adjusted for lease incentives and initial direct costs. Right-of-use assets are subsequently depreciated on a straight-line basis over the shorter of the asset's useful life or the lease term.

The Company utilises the exemption available in IFRS 16 for short-term leases (less than 12 months in duration) and low-value leases (for assets worth less than \$5,000 when new). No lease liability or right-of-use asset is recognised for these leases, with lease expenses instead being recognised in administration costs on a straight-line basis over the lease term.

2.9 Interest income

Interest income is recognised in profit or loss using the effective interest method.

2.10 Finance costs

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.11 Borrowing costs

All borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.12 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid, the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Balance Sheet. The assets of the plan are held separately from the Company in independently administered funds.

WHITE MARBLE CONSULTING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.13 Current and deferred taxation

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits, and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2.14 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Fixtures and fittings	- 3 to 4 years
Computer equipment	- 3 years

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

Right-of-use assets are included within tangible fixed assets. Refer to the above accounting policy on leases for further information.

WHITE MARBLE CONSULTING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.15 Debtors

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment

2.16 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.17 Creditors

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers.

Creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

2.18 Financial instruments

The Company recognises financial instruments when it becomes a party to the contractual arrangements of the instrument. Financial instruments are de-recognised when they are discharged or when the contractual terms expire. The Company's accounting policies in respect of financial instruments transactions are explained below.

Financial assets and financial liabilities are initially measured at fair value.

Financial assets

All recognised financial assets are subsequently measured in their entirety at either fair value or amortised cost, depending on the classification of the financial assets.

Fair value through profit or loss

All of the Company's financial assets other than those which meet the criteria to be measured at amortised cost are subsequently measured at fair value at the end of each reporting period, with any fair value gains or losses being recognised in profit or loss to the extent they are not part of a designated hedging relationship. The net gain or loss recognised in profit or loss includes any dividend or interest earned on the financial asset.

Debt instruments at amortised cost

Debt instruments are subsequently measured at amortised cost where they are financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and selling the financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Amortised cost is calculated using the effective interest method and represents the amount measured at initial recognition less repayments of principal plus the cumulative amortisation using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance.

WHITE MARBLE CONSULTING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.18 Financial instruments (continued)

Impairment of financial assets

The Company recognises a loss allowance for expected credit losses on investments in debt instruments that are measured at amortised or at FVOCI. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Company always recognises lifetime ECL for trade receivables and amounts due on contracts with customers. The expected credit losses on these financial assets are estimated based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument.

Financial liabilities

Fair value through profit or loss

Financial liabilities are classified as at fair value through profit or loss, when the financial liability is held for trading, or is designated as at fair value through profit or loss. This designation may be made if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise, or the financial liability forms part of a group of financial instruments which is managed and its performance is evaluated on a fair value basis, or the financial liability forms part of a contract containing one or more embedded derivatives, and IFRS 9 permits the entire combined contract to be designated as at fair value through profit or loss. Any gains or losses arising on changes in fair value are recognised in profit or loss to the extent that they are not part of a designated hedging relationship.

At amortised cost

Financial liabilities which are neither contingent consideration of an acquirer in a business combination, held for trading, nor designated as at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. This is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or where appropriate a shorter period, to the amortised cost of a financial liability.

2.19 Impact of new international reporting standards, amendments and interpretations

There are no new accounting standards or interpretations that have become effective in the current financial period that have had a material effect on the Company's financial statements. Similarly, no new standards or interpretations have had a material effect on the comparative period presented.

WHITE MARBLE CONSULTING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

3. Judgements in applying accounting policies and key sources of estimation uncertainty

The preparation of financial information in accordance with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses

Judgements

The Directors have made one judgement, excluding those involving estimations, in the process of applying the Company's accounting policies that are considered to have a significant effect on the amounts recognised in the financial statements for the year ending 31 March 2025.

Turnover recognition

Turnover is the Company's most significant caption in the statement of comprehensive income. Whilst the majority of the Company's turnover is contracted on a time and materials basis, the Company also has some fixed-price milestone contracts. The recognition of turnover on such contracts involves consideration of the detailed contractual terms against the requirements of IFRS 15. The key judgements include assessment of whether turnover should be recognised over time or at a point in time, and whether the performance obligations under the contract have been met at the balance sheet date, to best reflect the transfer of services through the life of each contract.

Estimates

The Directors have not identified any key estimates that are considered to have a significant risk of a material adjustment within the next financial year.

4. Turnover

An analysis of turnover by class of business is as follows

	Period ended 31 March 2025 £000	Year ended 31 May 2024 £000
Consulting services	1,941	2,647

WHITE MARBLE CONSULTING LIMITED

**NOTES TO THE FINANCIAL STATEMENTS

Directors' remuneration	200	350
Gain on share option exercises	-	-
Company contributions to money purchase pension plan	19	11
	219	361

During the period retirement benefits were accruing to three of the Directors (2024 three) in respect of defined contribution pension schemes

The highest paid Director received remuneration of £144,000 (2024 £125,000), excluding pension contributions

The value of the Company's contributions paid to a defined contribution pension scheme in respect of the highest paid Director amounted to £12,000 (2024 £10,000)

Certain Directors of the company are also Directors of other group companies and are remunerated by other group companies. Where directors have provided qualifying services to the Company, an appropriate proportion of their total remuneration has been allocated and disclosed in these financial statements, based on the estimated time spent and level of service provided to the company

No Directors exercised share options during the period (2024 no share options exercised)
