ALPHA FMC BIDCO LIMITED

STRATEGIC REPORT FOR THE YEAR ENDED 31 MARCH 2025

Introduction

The Directors present their strategic report for the year ended 31 March 2025

Business review

As at 31 March 2025, the Company holds net liabilities of £10,438,000 (2024 net assets of £2,494,000), and in the year the Company generated a loss of £13,110,000 (2024 profit of £84,905,000). The loss for the year is driven by substantial costs in relation to the acquisition of the Alpha Financial Markets Consulting plc group by Bridgepoint. Following the Bridgepoint acquisition, the Company's ultimate parent company is now Actium Topco (UK) Limited.

In the year, all employee contracts were transferred from Alpha FMC Bidco Limited to Actium Bidco (UK) Limited as part of the group restructure arising from the Bridgepoint acquisition.

Key performance indicators

The Directors review the management accounts on a regular basis and compare performance against budget. Utilisation, rates and costs are also monitored to assess profitability.

The Company monitors cash flow, liquidity, and the recovery of trade receivables primarily through regular reviews of working capital across its subsidiaries.

Future developments

The Company is expected to continue to operate as an intermediate holding company for the Group. No other future developments are currently foreseen by the Directors.

Principal risks and uncertainties

The principal risks and uncertainties faced by the Company are outlined below:

- **Competitors** – Risk that a competitor or new entrant may be able to achieve success and win work from the Company's existing clients. Less mature or more specialist propositions, which the Company chooses to develop, may present less of a competitive advantage.
- **Macro** – Risk that wider market, economic, commercial and financial risks can impact the Company's ability to service clients, their demand for consultancy and technology services and, therefore, the Company's own performance and financial position.
- **Quality of service** – Failure to maintain quality of service on client delivery engagements.
- **People** – Risk of failure to attract, incentivise and retain the best people with the right capabilities across all propositions, levels and geographies. A failure to undertake effective succession planning for key roles could also adversely increase this risk and impact performance.
- **Business strategy** – Risk that the Company responds inadequately to changing market factors, including technological advancements, and strategic growth opportunities, including acquisitions. The success of the Group depends on continuing to develop a proposition that best serves its clients.
- **Security** – Risk of cyber-attacks, security breaches and data mishandling, leading to consequent risks to client data, loss of integrity or availability of core data.

ALPHA FMC BIDCO LIMITED

STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2025

Section 172 statement

Under Section 172(1) of the Companies Act 2006, a director of a company must act in the way that they consider, in good faith, would be most likely to promote the success of the company for the benefit of its members as a whole, and in doing so have regard (amongst other matters) to

- The likely consequence of any decision in the long-term,
- The interest of the company's employees,
- The need to foster the company's business relationships with suppliers, customers and others,
- The impact of the company's operations on the community and the environment,
- The desirability of the company maintaining a reputation for high standards of business conduct, and
- The need to act fairly between members of the company

The following disclosures describe how the directors have had regard to the matters set out in Section 172(1)(a) to (f) and forms the directors' statement under Section 414CZA of the Companies Act 2006

The Company is a holding company and has no employees or clients of its own as at 31 March 2025. The disclosures provided in this statement therefore reflect the Company and its subsidiaries as a group.

Engagement with key stakeholders

The Directors consider the Company's key stakeholders to be its employees, clients and the communities in which the Company operates. The Directors also recognise other stakeholder groups including suppliers, industry bodies and competitors. Engaging effectively with all these stakeholder groups strengthens the Company's business relationships and decision making and, therefore, supports its long-term success.

Employees – the Company recognises that attracting, retaining and developing talent is critical to its success. It is committed to providing a rewarding workplace with a strong, inclusive and meritocratic culture. Engagement with employees takes place through feedback frameworks, mentoring, training opportunities, competitive remuneration, promotion opportunities and internal networks.

Clients – the Company's success depends on helping clients address their challenges and capitalise on opportunities. It focuses on building long-term relationships supported by senior level engagement, regular satisfaction monitoring, ongoing dialogue and roundtable discussions, and the sharing of market and industry insights.

Communities – supporting community development reflects the Company's values and growth objectives. The Company seeks to create a positive social and environmental impact through responsible business practices and engagement with local organisations.

Results and dividends

The loss for the year, after taxation, amounted to £13,110,000 (2024 profit £84,905,000)

The results for the year are set out in the Strategic Report

The Directors consider the current state of affairs of the Company to be satisfactory. During the year, no interim dividend in respect of the year ended 31 March 2025 was paid (2024 £22,000,000). The Directors have not recommended the payment of a final dividend (2024 £NIL).

Directors

The Directors who served during the year were

GA Cook
JC Paton (resigned 30 June 2025)

Political contributions

The Company made no political donations and incurred no political expenditure during the year (2024 £NIL)

Environmental matters

In accordance with the Companies Act 2006, the Company has taken the exemption from including disclosures in relation to environmental matters (including those required under the Streamlined Energy and Carbon Reporting Regulations). These disclosures are included in the Strategic Report of the consolidated accounts for the period ended 31 March 2025 of Actium Topco (UK) Limited, the Company's ultimate parent company. That report is publicly available from Companies House.

Future developments

The Company is expected to continue to operate as an intermediate holding company for the Group. No other future developments are currently foreseen by the Directors.

Engagement with employees

Details of how the Company engages with employees are set out in the Section 172 statement in the Strategic Report.

The Company is committed to ensuring equality of opportunity for all employees and applicants. Full and fair consideration is given to all applications of employment from disabled persons. Appropriate arrangements are made for all disabled person, including those who have become disabled during their employment. The Company is committed to the training and development of disabled persons and ensuring they have the access to the same opportunities as other employees.

Engagement with suppliers, customers and others

The Directors recognise the importance of fostering strong relationships with suppliers, customers and others in a business relationship with the Company. The Directors have regard to these relationships in strategic decision making. During the year, this included maintaining regular open communication and engagement with key stakeholders to ensure continuity of supply and to support customer needs.

**DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2025**

This report was approved by the board and signed on its behalf

GA Cook
Director

Date 22 December 2025

ALPHA FMC BIDCO LIMITED

**DIRECTORS' RESPONSIBILITIES STATEMENT
FOR THE YEAR ENDED 31 MARCH 2025**

The Directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

ALPHA FMC BIDCO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

1. General information

Alpha FMC Bidco Limited (the "Company") is a Company limited by shares, domiciled and registered in the UK. The registered number is 09928343 and the registered address is 60 Gresham Street, London, EC2V 7BB, United Kingdom.

These financial statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101")

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

The following principal accounting policies have been applied:

2.2 Going concern

In assessing the Company's ability to continue on a going concern basis for a period of at least 12 months from the approval of these financial statements (the "going concern period"), the Directors considered the Company's projected cash flows, access to intercompany funding from other group entities, cash liquidity and existing borrowing facilities.

Notwithstanding the Company's net current liabilities position as at 31 March 2025, the financial statements have been prepared on a going concern basis. The ability of the Company to settle its liabilities as they fall due within the going concern period is therefore dependent on the Company's ultimate parent company not seeking repayment of the amounts currently due to other companies controlled by the group. As with any company placing reliance on other group entities for financial support, the Directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so. The Company also has access to additional funding through other group entities, via the group's revolving credit facility.

The Directors have therefore considered the cash flow forecasts prepared for the wider group, which support the ability of the group to provide ongoing support to the Company through the going concern period. These group cash flow forecasts cover the going concern period and are based upon the Board-approved budget for the group and have been appropriately sensitised, as further disclosed in the consolidated Actium Topco (UK) Limited financial statements for the year ended 31 March 2025. These forecasts demonstrate the group has sufficient resources to settle liabilities as they fall due.

After careful consideration, the Directors have a reasonable expectation that the Company's existing resources, supplemented by the support of the wider group, are adequate to meet its requirements over the going concern period. On this basis, the Directors have adopted the going concern basis in preparing the financial statements.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.3 Change in balance sheet presentation

In the current year, the Company has adopted the Companies Act 2006 "Format 1" balance sheet presentation, in place of the IAS 1 format applied in the prior year. The comparative balance sheet has been re-presented on the same basis for consistency and comparability. This change is presentational only and has no impact on the Company's financial position, performance, or cash flows.

2.4 Financial Reporting Standard 101 - reduced disclosure exemptions

The Company has taken advantage of the following disclosure exemptions under FRS 101

- the requirements of paragraphs 45(b) and 46-52 of IFRS 2 Share-based payment

ALPHA FMC BIDCO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.4 Financial Reporting Standard 101 - reduced disclosure exemptions (continued)

- the requirements of paragraph 88C and 88D of IAS 12 Income Taxes

This information is included in the consolidated financial statements of Actium Topco (UK) Limited as at 31 March 2025 and these financial statements may be obtained from Companies House

2.5 Exemption from preparing consolidated financial statements

The Company is a parent company that is also a subsidiary included in the consolidated financial statements of a larger group by a parent undertaking established under the law of any part of the United Kingdom and is therefore exempt from the requirement to prepare consolidated financial statements under section 400 of the Companies Act 2006

2.6 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of Comprehensive Income within 'finance income or costs'. All other foreign exchange gains and losses are presented in profit or loss within 'other operating income'

2.7 Administration expenses

Administration expenses are defined by management as costs incurred by the group that are not directly associated with the generation of turnover. This includes items such as head office staff costs, recruitment and professional fees and IT services, which are expensed as incurred. Administration expenses exclude finance income and expenses and taxation, which are presented separately in the statement of comprehensive income.

2.8 Interest income

Interest income is recognised in profit or loss using the effective interest method

ALPHA FMC BIDCO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.9 Borrowing costs

All borrowing costs are recognised in profit or loss in the year in which they are incurred

2.10 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Balance Sheet. The assets of the plan are held separately from the Company in independently administered funds.

2.11 Share-based payments

The share-based payment charge recognised in these financial statements relates to awards previously granted by the Company's former ultimate parent, Alpha Financial Markets Consulting plc. No share-based payment charge has been recognised in relation to the current ultimate parent, Actium Topco (UK) Limited.

The cost of share-based payments, where employees receive remuneration in the form of shares or share options, is recognised as an employee benefit expense in the statement of comprehensive income.

The total expense is recognised over the vesting period, based on the fair value of the awards at the grant date (excluding non-market-based vesting conditions). At each reporting date, the estimate of the number of awards expected to vest is revised to reflect current expectations regarding non-market vesting conditions. The cumulative impact of any revisions is recognised in profit or loss in the period of change.

Fair value is determined using a binomial option pricing model, incorporating management's best estimates of factors such as non-transferability, absence of dividends prior to vesting, and exercise restrictions.

Upon vesting, the ultimate parent company satisfies exercised options either by issuing new ordinary shares or transferring existing shares held in its employee benefit trust to the employee.

Where share-based payments relate to employees of the Company, an intra-group recharge is recognised to reflect the benefit received by the Company from the employees' services. The Company is the receiving entity, recognising the share-based payment charge in profit or loss, the ultimate parent company is the settling entity, recognising the corresponding credit in equity.

An accrual for employers' social security costs arising on share-based payments is recognised over the vesting period, in line with the recognition of the associated share-based payment charge. The liability reflects the estimated amount payable on exercise, based on the fair value of the underlying shares.

ALPHA FMC BIDCO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.12 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in profit or loss, except in relation to share-based payments where the amount of the tax deduction exceeds the amount of the related cumulative share-based payment charge, in which case it is recognised in equity.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits, and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2.13 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Computer equipment	- 3 years
--------------------	-----------

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.14 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

ALPHA FMC BIDCO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.15 Debtors

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.16 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.17 Creditors

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers.

Creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

2.18 Provisions for liabilities

Provisions are recognised when an event has taken place that gives rise to a legal or constructive obligation, a transfer of economic benefits is probable and a reliable estimate can be made.

Provisions are measured as the best estimate of the amount required to settle the obligation, taking into account the related risks and uncertainties.

Increases in provisions are generally charged as an expense to profit or loss.

2.19 Financial instruments

The Company recognises financial instruments when it becomes a party to the contractual arrangements of the instrument. Financial instruments are de-recognised when they are discharged or when the contractual terms expire. The Company's accounting policies in respect of financial instruments transactions are explained below.

Financial assets and financial liabilities are initially measured at fair value.

Financial assets

All recognised financial assets are subsequently measured in their entirety at either fair value or amortised cost, depending on the classification of the financial assets.

Fair value through profit or loss

All of the Company's financial assets other than those which meet the criteria to be measured at amortised cost are subsequently measured at fair value at the end of each reporting period, with any fair value gains or losses being recognised in profit or loss to the extent they are not part of a designated hedging relationship. The net gain or loss recognised in profit or loss includes any dividend or interest earned on the financial asset.

ALPHA FMC BIDCO LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2 Accounting policies (continued)

2.19 Financial instruments (continued)

Debt instruments at amortised cost

Debt instruments are subsequently measured at amortised cost where they are financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and selling the financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Amortised cost is calculated using the effective interest method and represents the amount measured at initial recognition less repayments of principal plus the cumulative amortisation using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance.

Impairment of financial assets

The Company recognises a loss allowance for expected credit losses on investments in debt instruments that are measured at amortised or at FVOCI. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Company always recognises lifetime ECL for trade receivables and amounts due on contracts with customers. The expected credit losses on these financial assets are estimated based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument.

Financial liabilities

Fair value through profit or loss

Financial liabilities are classified as at fair value through profit or loss, when the financial liability is held for trading, or is designated as at fair value through profit or loss. This designation may be made if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise, or the financial liability forms part of a group of financial instruments which is managed and its performance is evaluated on a fair value basis, or the financial liability forms part of a contract containing one or more embedded derivatives, and IFRS 9 permits the entire combined contract to be designated as at fair value through profit or loss. Any gains or losses arising on changes in fair value are recognised in profit or loss to the extent that they are not part of a designated hedging relationship.

At amortised cost

Financial liabilities which are neither contingent consideration of an acquirer in a business combination, held for trading, nor designated as at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. This is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or where appropriate a shorter period, to the amortised cost of a financial liability.

2. Accounting policies (continued)

2.20 Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

2.21 New accounting standards and interpretations

There are no new accounting standards or interpretations that have become effective in the current financial year that have had a material effect on the Company's financial statements. Similarly, no new standards or interpretations have had a material effect on the comparative period presented.

3. Judgements in applying accounting policies and key sources of estimation uncertainty

The preparation of financial information in accordance with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses.

The Directors have made no judgements, excluding those involving estimations, in the process of applying the Company's accounting policies that are considered to have a significant effect on the amounts recognised in the financial statements for the year ending 31 March 2025. There are also no major sources of estimation uncertainty at the end of the reporting period that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

11. Debtors (continued)

The Directors are satisfied that amounts owed by Group undertakings disclosed above are recoverable. Expected credit loss in relation to amounts owed by Group undertakings was immaterial in both the current and prior years

Amounts owed by Group undertakings and interest free and are repayable on demand. The Company classifies amounts owed by Group undertakings as current when it expects to recover the amounts within twelve months of the balance sheet date, based on its assessment of the counterparty's ability and intention to settle the balances within this period. Otherwise, the amounts are classified as non-current.
