AIVIQ LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2025

The Directors present their report and the financial statements for the year ended 31 March 2025

Principal activity

The Company is a subsidiary undertaking within the group headed by Actium Topco (UK) Limited.

The principal activity of the Company is the provision of a cloud-based data and analytics software platform to clients in the asset management industry

Results and dividend

For the year ended 31 March 2025, the Company recorded revenue of £4,242,000 (2024 £3,454,000). Loss after tax decreased to £670,000 (2024 £939,000) This represents an increasing client base in the year, and continued focus on building further scale. The Company remains in a net current liabilities position at 31 March 2025, primarily driven by amounts owed to other group entities, with the Company also holding £271,000 (2024 £179,000) of cash for ongoing operations

The Directors have not recommended the payment of a final dividend (2024 £NIL)

Directors

The Directors who served during the year were

GA Cook
LJ Gnggs
JC Paton (resigned 30 June 2025)

Political contributions

The Company made no political donations and incurred no political expenditure during the year (2024 £NIL).

Future developments

The Directors are optimistic of further improved financial performance in the coming year, whilst remaining mindful of the continuing macro-economic uncertainty Aiviq continues to present an attractive client data and analytics software proposition for asset managers and continues to add clients The Directors see further potential in this offering

Engagement with employees

The Company recognises that attracting, retaining and developing talent is critical to its success It is committed to providing a rewarding workplace with a strong, inclusive and meritocratic culture Engagement with employees takes place through feedback frameworks, mentoring, training opportunities, competitive remuneration, promotion opportunities and internal networks

The Company is committed to ensuring equality of opportunity for all employees and applicants Full and fair consideration is given to all applications of employment from disabled persons Appropriate arrangements are made for all disabled person, including those who have become disabled during their employment. The Company is committed to the training and development of disabled persons and ensuring they have the access to the same opportunities as other employees.

AIVIQ LIMITED

**DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2025**

Engagement with suppliers, customers and others

The Directors recognise the importance of fostering strong relationships with suppliers, customers and others in a business relationship with the Company. The Directors have regard to these relationships in strategic decision making. During the year, this included maintaining regular open communication and engagement with key stakeholders to ensure continuity of supply and to support customer needs.

This report was approved by the board and signed on its behalf

GA Cook
Director

AIVIQ LIMITED

DIRECTORS' RESPONSIBILITIES STATEMENT FOR THE YEAR ENDED 31 MARCH 2025

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

AIVIQ LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

1 General information

Aiviq Limited (the "Company") is a Company limited by shares, domiciled and registered in the UK. The registered number is 11480862 and the registered address is 60 Gresham Street, London, EC2V 7BB.

These financial statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101").

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

The following principal accounting policies have been applied:

2.2 Going concern

In assessing the Company's ability to continue on a going concern basis for a period of at least 12 months from the approval of these financial statements (the "going concern period"), the Directors considered the Company's projected cash flows, access to intercompany funding from other group entities, cash liquidity and existing borrowing facilities.

Notwithstanding the Company's net current liabilities position as at 31 March 2025, the financial statements have been prepared on a going concern basis. The ability of the Company to settle its liabilities as they fall due within the going concern period is therefore dependent on the Company's ultimate parent company not seeking repayment of the amounts currently due to other companies controlled by the group. As with any company placing reliance on other group entities for financial support, the Directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so. The Company also has access to additional funding through other group entities, via the group's revolving credit facility.

The Directors have therefore considered the cash flow forecasts prepared for the wider group, which support the ability of the group to provide ongoing support to the Company through the going concern period. These group cash flow forecasts cover the going concern period and are based upon the Board-approved budget for the group and have been appropriately sensitised, as further disclosed in the consolidated Actium Topco (UK) Limited financial statements for the year ended 31 March 2025. These forecasts demonstrate the group has sufficient resources to settle liabilities as they fall due.

After careful consideration, the Directors have a reasonable expectation that the Company's existing resources, supplemented by the support of the wider group, are adequate to meet its requirements over the going concern period. On this basis, the Directors have adopted the going concern basis in preparing the financial statements.

AIVIQ LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2 Accounting policies (continued)

2.3 Change in balance sheet presentation

In the current year, the Company has adopted the Companies Act 2006 "Format 1" balance sheet presentation, in place of the IAS 1 format applied in the prior year. The comparative balance sheet has been re-presented on the same basis for consistency and comparability. This change is presentational only and has no impact on the Company's financial position, performance, or cash flows.

2.4 Financial Reporting Standard 101 - reduced disclosure exemptions

The Company has taken advantage of the following disclosure exemptions under FRS 101

- the requirements of paragraphs 45(b) and 46-52 of IFRS 2 Share-based payment
- the requirements of paragraphs 62, B64(d), B64(e), B64(g), B64(h), B64(j) to B64(m), B64(n)(ii), B64(o)(ii), B64(p), B64(q)(ii), B66 and B67 of IFRS 3 Business Combinations
- the requirements of paragraph 33(c) of IFRS 5 Non Current Assets Held For Sale and Discontinued Operations
- the requirement of paragraph 24(b) of IFRS 6 Exploration for and Evaluation of Mineral Resources to disclose the operating and investing cash flows arising from the exploration for and evaluation of mineral resources
- the requirements of IFRS 7 Financial Instruments Disclosures
- the requirements of paragraphs 91-99 of IFRS 13 Fair Value Measurement
- the requirements of the second sentence of paragraph 110 and paragraphs 113(a), 114, 115, 118, 119(a) to (c), 120 to 127 and 129 of IFRS 15 Revenue from Contracts with Customers
- the requirements of paragraph 52, the second sentence of paragraph 89, and paragraphs 90, 91 and 93 of IFRS 16 Leases. The requirements of paragraph 58 of IFRS 16, provided that the disclosure of details in indebtedness relating to amounts payable after 5 years required by company law is presented separately for lease liabilities and other liabilities, and in total
- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of
 - paragraph 79(a)(iv) of IAS 1,
 - paragraph 73(e) of IAS 16 Property, Plant and Equipment,
 - paragraph 118(e) of IAS 38 Intangible Assets,
 - paragraphs 76 and 79(d) of IAS 40 Investment Property, and
 - paragraph 50 of IAS 41 Agriculture
- the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134-136 of IAS 1 Presentation of Financial Statements
- the requirements of IAS 7 Statement of Cash Flows
- the requirements of paragraph 74A(b) of IAS 16
- the requirements of paragraph 17 and 18A of IAS 24 Related Party Disclosures
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member
- the requirements of paragraphs 130(f)(ii), 130(f)(iii), 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets

AIVIQ LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.4 Financial Reporting Standard 101 - reduced disclosure exemptions (continued)

- the requirements of paragraph 88C and 88D of IAS 12 Income Taxes.

This information is included in the consolidated financial statements of Actium Topco (UK) Limited as at 31 March 2025 and these financial statements may be obtained from Companies House

2.5 Exemption from preparing consolidated financial statements

The Company is a parent company that is also a subsidiary included in the consolidated financial statements of a larger group by a parent undertaking established under the law of any part of the United Kingdom and is therefore exempt from the requirement to prepare consolidated financial statements under section 400 of the Companies Act 2006

2.6 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of Comprehensive Income within 'finance income or costs'. All other foreign exchange gains and losses are presented in profit or loss within 'other operating income'

AIVIQ LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.7 Turnover

Turnover consists of the value of work executed for clients during the year and expenses recharged, exclusive of VAT. Turnover is measured based on the transaction price allocated to the performance obligation from the sale of goods or provision of services. Turnover is recognised either at a 'point in time' when the performance obligation in the contract has been performed or 'over time' as control of the goods or services are transferred to the customer.

Turnover generated from software licensing, hosting and related support services provided over a contracted period of time is combined and allocated to a single performance obligation. These contracts are considered to be satisfied over time, in line with the benefits being transferred to the customer. Turnover is recognised on a straight-line basis over the contractual license term.

Implementation services provided by the Company to the customer are classified as either being distinct performance obligations or non-distinct from the licensing and hosting promises described above, dependent on the fact pattern within the underlying contractual arrangement. The Company considers the level of inter-dependency between the contractual promises, and whether the customer can consume the benefits of the licence without the implementation service being performed. Where implementation services are required for the customer to use the software, these services are considered to be non-distinct from the licensing performance obligation. Therefore, the Company accounts for these as a single performance obligation satisfied over the licence term, as described above. The Company generally considers the initial phase of implementation to be non-distinct from the associated licence.

Other distinct implementation services, as well as separately billable maintenance, support, data assurance and training are treated as separate performance obligations and turnover is recognised as these services are delivered.

Activity performance recognised as turnover in excess of invoices raised are contract receivables and are included within accrued income, up to the value of the relevant project delivery milestone, where applicable. On invoicing, the contract receivable is reclassified to trade receivables. Where amounts have been invoiced in excess of turnover recognised, the excess is a contract liability and is included within deferred income.

In relation to licencing contracts, billing typically occurs at the beginning of the contractual licence period or incrementally over the course of the licence, in line with the contractual terms. For implementation services, billing typically occurs in arrears in line with a contractually agreed schedule.

Turnover is wholly attributable to the principal activities of the Company. For all turnover types, payment is typically due between 30 and 60 days after the invoice date or receipt of invoice.

AIVIQ LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.8 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Balance Sheet. The assets of the plan are held separately from the Company in independently administered funds.

2.9 Share-based payments

The share-based payment charge recognised in these financial statements relates to awards previously granted by the Company's former ultimate parent, Alpha Financial Markets Consulting plc. No share-based payment charge has been recognised in relation to the current ultimate parent, Actium Topco (UK) Limited.

The cost of share-based payments, where employees receive remuneration in the form of shares or share options, is recognised as an employee benefit expense in the statement of comprehensive income.

The total expense is recognised over the vesting period, based on the fair value of the awards at the grant date (excluding non-market-based vesting conditions). At each reporting date, the estimate of the number of awards expected to vest is revised to reflect current expectations regarding non-market vesting conditions. The cumulative impact of any revisions is recognised in profit or loss in the period of change.

Fair value is determined using a binomial option pricing model, incorporating management's best estimates of factors such as non-transferability, absence of dividends prior to vesting, and exercise restrictions.

Upon vesting, the ultimate parent company satisfies exercised options either by issuing new ordinary shares or transferring existing shares held in its employee benefit trust to the employee.

Where share-based payments relate to employees of the Company, an intra-group recharge is recognised to reflect the benefit received by the Company from the employees' services. The Company is the receiving entity, recognising the share-based payment charge in profit or loss, the ultimate parent company is the settling entity, recognising the corresponding credit in equity.

An accrual for employers' social security costs arising on share-based payments is recognised over the vesting period, in line with the recognition of the associated share-based payment charge. The liability reflects the estimated amount payable on exercise, based on the fair value of the underlying shares.

AIVIQ LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.10 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in profit or loss, except in relation to share-based payments where the amount of the tax deduction exceeds the amount of the related cumulative share-based payment charge, in which case it is recognised in equity

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits, and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date

2.11 Intangible assets

Internally developed intangible assets

Capitalised development costs represent the costs incurred in the development of internally generated software

A useful economic life of 3 years has been deemed appropriate based on the expected project lifecycle in development of new software. The amortisation charge is recognised in administrative expenses within the statement of comprehensive income

2.12 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management

AIVIQ LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2 Accounting policies (continued)

2.12 Tangible fixed assets (continued)

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method

Depreciation is provided on the following basis

Computer equipment	- 3 years
--------------------	-----------

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss

2.13 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment

2.14 Debtors

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment

2.15 Cash and cash equivalents

- Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value

2.16 Creditors

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers.

Creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method

AIVIQ LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.17 Financial instruments

The Company recognises financial instruments when it becomes a party to the contractual arrangements of the instrument. Financial instruments are de-recognised when they are discharged or when the contractual terms expire. The Company's accounting policies in respect of financial instruments transactions are explained below.

Financial assets and financial liabilities are initially measured at fair value.

Financial assets

All recognised financial assets are subsequently measured in their entirety at either fair value or amortised cost, depending on the classification of the financial assets.

Fair value through profit or loss

All of the Company's financial assets other than those which meet the criteria to be measured at amortised cost are subsequently measured at fair value at the end of each reporting period, with any fair value gains or losses being recognised in profit or loss to the extent they are not part of a designated hedging relationship. The net gain or loss recognised in profit or loss includes any dividend or interest earned on the financial asset.

Debt instruments at amortised cost

Debt instruments are subsequently measured at amortised cost where they are financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and selling the financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Amortised cost is calculated using the effective interest method and represents the amount measured at initial recognition less repayments of principal plus the cumulative amortisation using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance.

Impairment of financial assets

The Company recognises a loss allowance for expected credit losses on investments in debt instruments that are measured at amortised or at FVOCI. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Company always recognises lifetime ECL for trade receivables and amounts due on contracts with customers. The expected credit losses on these financial assets are estimated based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument.

AIVIQ LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

2. Accounting policies (continued)

2.17 Financial instruments (continued)

Financial liabilities

Fair value through profit or loss

Financial liabilities are classified as at fair value through profit or loss, when the financial liability is held for trading, or is designated as at fair value through profit or loss. This designation may be made if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise, or the financial liability forms part of a group of financial instruments which is managed and its performance is evaluated on a fair value basis, or the financial liability forms part of a contract containing one or more embedded derivatives, and IFRS 9 permits the entire combined contract to be designated as at fair value through profit or loss. Any gains or losses arising on changes in fair value are recognised in profit or loss to the extent that they are not part of a designated hedging relationship.

At amortised cost

Financial liabilities which are neither contingent consideration of an acquirer in a business combination, held for trading, nor designated as at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. This is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or where appropriate a shorter period, to the amortised cost of a financial liability.

2.18 New accounting standards and Interpretations

There are no new accounting standards or interpretations that have become effective in the current financial year that have had a material effect on the Company's financial statements. Similarly, no new standards or interpretations have had a material effect on the comparative period presented.

AIVIQ LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

3. Judgements in applying accounting policies and key sources of estimation uncertainty

The preparation of financial information in accordance with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses

The Directors have made one judgement, excluding those involving estimations, in the process of applying the Company's accounting policies that are considered to have a significant effect on the amounts recognised in the financial statements for the year ending 31 March 2025.

Turnover recognition

The Directors note that the process of turnover recognition in the Company requires a judgement to be made on the identification of distinct performance obligations under the Company's software contracts with customers. These contracts comprise software fees and other related services, which customers can access over the life of the contract, in line with related performance obligations. Interpretation of the terms of these contracts determine whether the performance obligation is satisfied over time or at a point in time. For further information on the accounting policy implemented by the Company, please refer to the turnover recognition policy above.

The Directors have not identified any significant estimates in the year ended 31 March 2025

4. Employees

	2025 £000	2024 £000
Wages and salaries	2,827	2,107
Social security costs	361	279
Cost of defined contribution scheme	65	57
	<u>3,253</u>	<u>2,443</u>

At the year end, no (2024 428,939) share options over the equity in Alpha Financial Markets Consulting plc, the former ultimate parent company, remained outstanding to the Company's management and employees. All remaining unvested options that had been granted under these schemes vested, and all outstanding options were exercised in the year upon the acquisition of Alpha Financial Markets Consulting plc by Bridgepoint. During the year, a total of 398,976 (2024 nil) share options were exercised. The weighted average share price at the date of these exercises was £5.05. The Company has incurred a charge in 2025 of £381,000 (2024 £447,000) relating to these schemes under IFRS 2 for employees and management that provide direct services to the Company, of which £46,000 (2024 £67,000) relates to associated social security taxes in the current year.

The average monthly number of employees during the year was as follows

	2025 No.	2024 No.
Operations	<u>26</u>	<u>28</u>

AIVIQ LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

5. Directors' remuneration

	2025 £000	2024 £000
Directors' emoluments	374	330
Amounts receivable under long-term incentive schemes	729	-
Company contributions to defined contribution pension schemes	10	10
	<u>1,113</u>	<u>340</u>

During the year retirement benefits were accruing to 1 Director (2024 1) in respect of defined contribution pension schemes

The highest paid Director received remuneration of £1,103,000 (2024 £330,000), including gains on long-term incentive schemes but excluding pension contributions

The value of the Company's contributions paid to a defined contribution pension scheme in respect of the highest paid Director amounted to £10,000 (2024 £10,000).

One director providing material qualifying services exercised share options during the year (2024 NIL)

Certain directors of the company are also directors of other group companies and are remunerated by other group companies. Where directors have provided qualifying services to the Company, an appropriate proportion of their total remuneration has been allocated and disclosed in these financial statements, based on the estimated time spent and level of service provided to the company
