STRATEGIC REPORT FOR THE YEAR ENDED 31 AUGUST 2025

Introduction

The Directors present their Strategic Report for the year ended 31 March 2025

Business review

For the year ended 31 August 2025, the Company recorded turnover of £25,380,000 (2024 £16,450,000) reflecting higher average consultant headcount in the year, supplemented by good performance on consultant utilisation and rates in the period

Gross profit increased to £5,233,000 (2024 £2,279,000), reflecting this higher revenue, but offset significantly by the cost of this higher headcount. Profit after tax was £3,636,000 (2024 loss of £12,000), after deducting administration expenses, interest expenses and the tax charge for the year

Trade receivables increased to £2,785,000 (2024 £1,644,000). The Directors have no concern over the recoverability of these debtors. Cash and cash equivalents increased to £1,834,000 (2024 £191,000). Net current assets increased to £3,645,000 (2024 £9,000), driven by an increase in intercompany trading as Bankside joined the group headed by Actium Topco (UK) Limited in the year

During the year, no ordinary dividend was paid (2024 £NIL)

Key performance indicators

The Directors review the management accounts on a regular basis and compare performance against budget. Utilisation, rates and costs are also monitored to assess profitability

The Company monitors cash flow, liquidity and the recovery of trade receivables primarily through regular reviews of working capital

STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2025

Principal risks and uncertainties

The principal risks and uncertainties faced by the Company are outlined below

- **Competitors** – Risk that a competitor or new entrant may be able to achieve success and win work from the Company's existing clients. Less mature or more specialist propositions, which the Company chooses to develop, may present less of a competitive advantage.
- **Macro** – Risk that wider market, economic, commercial and financial risks can impact the Company's ability to service clients, their demand for consultancy and technology services and, therefore, the Company's own performance and financial position.
- **Quality of service** – Failure to maintain quality of service on client delivery engagements.
- **People** – Risk of failure to attract, incentivise and retain the best people with the right capabilities across all propositions, levels and geographies. A failure to undertake effective succession planning for key roles could also adversely increase this risk and impact performance.
- **Business strategy** – Risk that the Company responds inadequately to changing market factors, including technological advancements, and strategic growth opportunities, including acquisitions. The success of the Group depends on continuing to develop a proposition that best serves its clients.
- **Security** – Risk of cyber attacks, security breaches and data mishandling, leading to consequent risks to client data, loss of integrity or availability of core data.

Section 172 statement

Under Section 172(1) of the Companies Act 2006, a director of a company must act in the way that they consider, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole, and in doing so have regard (amongst other matters) to

- the likely consequence of any decision in the long term,
- the interests of the Company's employees,
- the need to foster the Company's business relationships with suppliers, customers and others,
- the impact of the Company's operations on the community and the environment,
- the desirability of the Company maintaining a reputation for high standards of business conduct, and
- the need to act fairly as between members of the Company.

The following disclosure describes how the Directors have had regard to the matters set out in Section 172(1)(a) to (f) and forms the Directors' statement under Section 414CZA of the Companies Act 2006.

STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2025

Engagement with key stakeholders

The Directors consider the Company's key stakeholders to be its employees, clients and the communities in which the Company operates. The Directors also recognise other stakeholder groups including suppliers, industry bodies and competitors. Engaging effectively with all these stakeholder groups strengthens the Company's business relationships and decision making and, therefore, supports its long term success.

Employees– the Company recognises that attracting, retaining and developing talent is critical to its success. It is committed to providing a rewarding workplace with a strong, inclusive and meritocratic culture. Engagement with employees takes place through feedback frameworks, mentoring, training opportunities, competitive remuneration, promotion opportunities and internal networks.

Clients– the Company's success depends on helping clients address their challenges and capitalise on opportunities. It focuses on building long term relationships supported by senior level engagement, regular satisfaction monitoring, ongoing dialogue and roundtable discussions, and the sharing of market and industry insights.

Communities– supporting community development reflects the Company's values and growth objectives. The Company seeks to create a positive social and environmental impact through responsible business practices and engagement with local organisations.

DIRECTORS' RESPONSIBILITIES STATEMENT FOR THE YEAR ENDED 31 AUGUST 2025

The Directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2025

1. General information

Bankside Financial Solutions Consulting Limited (the "Company") is a company limited by shares, domiciled and registered in the UK. The registered number is 11524091 and the registered address is 60 Gresham Street, London, EC2V 7BB, United Kingdom.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

The following principal accounting policies have been applied:

2.2 Going concern

In assessing the Company's ability to continue on a going concern basis for a period of at least 12 months from the approval of these financial statements (the "going concern period"), the Directors considered the Company's projected cash flows, access to intercompany funding from other group entities, cash liquidity and access to the group's existing borrowing facilities. No material uncertainties regarding the Company's ability to continue as a going concern were noted, as it continues to trade profitably and holds a net current assets position. The Company also has access to further funding, were this to be required, from the group's revolving credit facility.

After careful consideration, the Directors have a reasonable expectation that the Company's existing resources are adequate to meet its requirements over the going concern period. On this basis, the Directors have adopted the going concern basis in preparing the financial statements.

2.3 Adoption of Financial Reporting Standard 101

For the year ending 31 August 2025, these are the first individual financial statements the Company has prepared in accordance with FRS 101 "Reduced Disclosure Framework", issued by the Financial Reporting Council (FRC).

In the previous financial year, the individual financial statements were prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

This transition has been accounted for in accordance with FRS 101 and FRS 100. The Company has applied the requirements of IFRS 1 "First-time Adoption of International Financial Reporting Standards" as interpreted within the context of FRS 101.

The accounting policies set out in these financial statements have been applied consistently throughout the current financial year and retrospectively.

There were no material adjustments to the previously reported financial position or results as a result of the transition from FRS 102 to FRS 101.

BANKSIDE FINANCIAL SOLUTIONS CONSULTING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2025

2. Accounting policies (continued)

2.5 Exemption from preparing consolidated financial statements

The Company is a parent company that is also a subsidiary included in the consolidated financial statements of a larger group by a parent undertaking established under the law of any part of the United Kingdom and is therefore exempt from the requirement to prepare consolidated financial statements under section 400 of the Companies Act 2006

2.6 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of Comprehensive Income within 'finance income or costs'. All other foreign exchange gains and losses are presented in profit or loss within 'other operating income'.

2.7 Turnover

Turnover comprises the fair value of the consideration received or receivable for the sale of goods and provision of services in the ordinary course of the group's activities. Turnover is shown net of sales/value added tax, returns, rebates and discounts and after eliminating sales within the Group. The Group recognises revenue when

- the amount of revenue can be reliably measured,
- it is probable that future economic benefits will flow to the entity, and
- specific criteria have been met for each of the group's activities

BANKSIDE FINANCIAL SOLUTIONS CONSULTING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2025

2. Accounting policies (continued)

2.8 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Balance Sheet. The assets of the plan are held separately from the Company in independently administered funds.

2.9 Taxation

Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

2.10 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

2.11 Debtors

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.12 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.13 Creditors

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers.

Creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

BANKSIDE FINANCIAL SOLUTIONS CONSULTING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2025

2. Accounting policies (continued)

2.14 Financial instruments

The Company recognises financial instruments when it becomes a party to the contractual arrangements of the instrument. Financial instruments are de-recognised when they are discharged or when the contractual terms expire. The Company's accounting policies in respect of financial instruments transactions are explained below.

Financial assets and financial liabilities are initially measured at fair value.

Financial assets

All recognised financial assets are subsequently measured in their entirety at either fair value or amortised cost, depending on the classification of the financial assets.

Fair value through profit or loss

All of the Company's financial assets other than those which meet the criteria to be measured at amortised cost are subsequently measured at fair value at the end of each reporting period, with any fair value gains or losses being recognised in profit or loss to the extent they are not part of a designated hedging relationship. The net gain or loss recognised in profit or loss includes any dividend or interest earned on the financial asset.

Debt instruments at amortised cost

Debt instruments are subsequently measured at amortised cost where they are financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and selling the financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Amortised cost is calculated using the effective interest method and represents the amount measured at initial recognition less repayments of principal plus the cumulative amortisation using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance.

Impairment of financial assets

The Company recognises a loss allowance for expected credit losses on investments in debt instruments that are measured at amortised or at FVOCI. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Company always recognises lifetime ECL for trade receivables and amounts due on contracts with customers. The expected credit losses on these financial assets are estimated based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument.

Financial liabilities

Fair value through profit or loss

Financial liabilities are classified as at fair value through profit or loss, when the financial liability is

BANKSIDE FINANCIAL SOLUTIONS CONSULTING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2025

2. Accounting policies (continued)

2.14 Financial instruments (continued)

held for trading, or is designated as at fair value through profit or loss. This designation may be made if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise, or the financial liability forms part of a group of financial instruments which is managed and its performance is evaluated on a fair value basis, or the financial liability forms part of a contract containing one or more embedded derivatives, and IFRS 9 permits the entire combined contract to be designated as at fair value through profit or loss. Any gains or losses arising on changes in fair value are recognised in profit or loss to the extent that they are not part of a designated hedging relationship.

At amortised cost

Financial liabilities which are neither contingent consideration of an acquirer in a business combination, held for trading, nor designated as at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. This is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or where appropriate a shorter period, to the amortised cost of a financial liability.

2.15 Impact of new international reporting standards, amendments and interpretations

There are no new accounting standards or interpretations that have become effective in the current financial period that have had a material effect on the Company's financial statements. Similarly, no new standards or interpretations have had a material effect on the comparative period presented.

3. Judgements in applying accounting policies and key sources of estimation uncertainty

The directors consider there are no critical accounting judgements or key sources of estimation uncertainty.

4. Turnover

An analysis of turnover by class of business is as follows:
